The following fields were added to the Send Status pop-up window:

- **Extract Start Time** - Indicates the time the extract started sending data to the staging table.
- **Extract End Time** - Indicates the time the extract completed sending data to the staging table.
- **Send Start Time** - Indicates the time the API started sending data to the Operational Data Store (ODS).
- **Send End Time** - Indicates the time the API completed sending data to the Operational Data Store (ODS).

The following buttons were added to the Send Status pop-up window:

- **Extract & Send**
- **Extract Only**
- **Send Only**

NOTES:

- Only users with access to both the Security Administration and District Administration

applications will be able to view and interact with the updated Send Status pop-up window, including selecting Domain/Entity checkboxes and extracting or sending data.

- Users with District Administration access but without Security Administration access will retain the existing functionality of the tab and will be able to see the updated Send Status pop-up window with the new **Time** fields but without the Domain/Entity checkboxes and Extract/Send buttons.

TSDS Updates

BasicReportingPeriodAttendance Entity

Removed the following data elements from the BasicReportingPeriodAttendance entity:

- RSTotalEligibleDaysPresent
 - RATotalEligibleDaysPresent
-

Service ID Change

Corrected the issue on Grade Reporting > Maintenance > Master Schedule > Campus Schedule that caused some users to experience difficulties excluding course information when they change a course to *8EXCLUDE* after the data has already extracted.

Attendance > Maintenance > Campus > Campus Calendar

Modified the *Calendar Reporting Period* extract Begin Date and End Date to allow a Waiver day for the end of a reporting period.

Spec Ed Pgm Reporting Period Attendance

Modified the Special Education Program Reporting Period Attendance extract to send 0 when RDSPD is empty.

Student Section Extract - Course Completion

Modified the Student Section Association extract to generate the course completion indicator for the term/session in which the course was completed, not for all sessions.
