Known Issues

Known Issues

Release Date: **ASCENDER Update**: 5.0.0218

These issues are a high priority and will be corrected as quickly as possible.

Personnel > Tables > WorkJournal > Admin

❑ If using the **Employee Nbr** autosuggest function, the employee number/name must be selected using the mouse. Entering an employee number in the **Employee Nbr** field then tabbing to the **Primary Campus** field will not save the record. The Directory is fully functional.
