ASCENDER Homepage

Corrected the Approval Summary dashboard to only display payroll approvals if the user has access to the pay frequency for a pending approval.

Corrected the program to prevent the computer check and reversal transaction from being marked for deletion (highlighted red) when changing a computer check to a district check.

Finance > Inquiry > Travel Reimbursement

Increased the size of the travel request details pop-up window (spyglass icon) to prevent scrollbars from being displayed.

Finance > Utilities > Positive Pay Export

Corrected the program error that occurred when clicking the **Print** button. This issue was caused by a bank account group with a blank **Bank Account Nbr** on the Bank Reconciliation > Tables > Bank Account Fund Groups tab.

Corrected the program error that occurred when clicking the **Print** button. This issue was caused by a blank **Employer Offset Account** on the Payroll > Tables > Bank Codes > EFT tab.
