Human Resources

Update 3.5.0170

Human Resources

Human Resources > Reports > HR Reports > Quarterly/Annual Reports > HRS5100 - W-2 Forms

Corrected the issue that caused the employee's full name (first, middle, and last) to be printed in the Employee's First Name box on Copy A (red form) of the W-2 form.

EmployeePortal

Update 4.0.0.127

EmployeePortal > Self-Service

Corrected the W-4 data displayed under **W4 Marital Status Information**.

EmployeePortal > Inquiry > W-2 Information

Corrected the issue that prevented the W-2 Electronic Consent selection from being saved if the employee did not have W-2 historical data.

Corrected the issue that prevented Box 12 Code E (annuity amount) from being displayed properly.

EmployeePortal > Inquiry > 1095 Information

Corrected the issue that prevented the 1095 Electronic Consent selection from being saved if the employee did not have 1095 historical data.

EmployeePortal > Inquiry > Current Pay Information

Corrected the issue that prevented the current pay information from being displayed if the employee had data in multiple pay frequencies.

Corrected the issue that prevented the campus name from being displayed.
