

## **Grants and Projects**

Update 3.5.0XXX

# Finance

## Finance > Utilities > Fiscal Year Close

☐ Corrected the program error that occurred when you accessed the page. This issue was caused when the total number of funds in the file ID was a multiple of 15. For example, 15, 30, 45, 60 caused an issue but 18 did not even though the first page had the maximum.
