Grants and Projects

Update 3.5.0XXX

Grants and Projects

Grants and Projects > Reports

❏ Removed this menu option as it is not currently available. Previously, the menu displayed the Bank Reconciliation Reports, which resulted in a program error if selected.

Finance

Finance > Utilities > Fiscal Year Close

❏ Corrected the program error that occurred when you accessed the page. This issue was caused when the total number of funds in the file ID was a multiple of 15. For example, 15, 30, 45, 60 caused an issue but 18 did not even though the first page had the maximum.
