Update 3.5.XXXX

# Finance

## Finance > Maintenance > Postings > Purchase Order

- Corrected the issue that prevented purchase orders with balances from being retrieved.
  
- Corrected the purchase order re-encumbrance for continuing funds to include encumbrance adjustments and liquidation adjustments from check/credit card transactions.
  
- Modified the program validation to ignore all payrolls that have not been interfaced where the payroll is in the same month as the LEA's **Starting Accounting Period** on the District Finance Options tab.
