## Finance > Reports > Finance Reports > Vendor/Purchase Order Reports > FIN2100 - 1099 Forms

Per IRS requirements, updated the 1099-MISC/1099-NEC forms/instructions and all 1099-MISC/1099-NEC functionality to support the 2024 tax year.

- The IRS has permanently removed Copy-C (Payer's Record) from the 1099-NEC and 1099-MISC forms. As a result, the **C** option was removed from the FIN2100 - 1099 Forms report parameter **Print 1099 Form only (1), 1099 form including 1099 file (2), Non-preprinted Copy B and C (3)**. Note that when generating the FIN2100 report with option 3 (Copy B), each page displays two Copy B forms, with each form representing a separate vendor.
- In addition, FIN2100 report messages were updated to reflect the electronic threshold reduction: Per IRS, Treasury Decision (TD) 9972 amends the rules for filing returns and other documents electronically (e-file). These regulations reduce the 250-return threshold to generally require electronic filing by filers of 10 or more returns in a calendar year beginning in 2024, tax year 2023.
