ASCENDER EmployeePortal Known Issues

Update 3.5.0000

Known Issues

These issues are a high priority and will be corrected as quickly as possible.

EmployeePortal > Self-Service > Demographics

All data is being submitted as “changed” even if it is not changed. The email message received by the employee states that the data is being changed and it needs to be approved, if applicable.

EmployeePortal > Self-Service > Payroll

This functionality is disabled due to issues with updating and adding bank account information.
