-
- ☐ Corrected an issue that caused a modified Assignments per Page number to revert back to the default setting of 5 when a teacher navigates away and returns. The page is not saving the last setting.
 - ☐ Corrected an issue that was preventing the *Assignment grades saved* message from going away when making additional changes after the save. This is misleading teachers as they continue to add grades then close the page without saving.
 - ☐ Corrected an issue that was causing the gridlines on the page to not display.
 - ☐ Corrected an issue that was causing the header and footer to move when the user scrolls left and right. This causes the **PIN** field and **Save** button to disappear from view when there are several assignments.
 - ☐ Corrected an issue when entering an assignment note that caused the Note icon to disappear if the **Late** checkbox is selected.
