# State Reporting Release Notes

Update 3.4.0142

## Program Changes

### *State Reporting > Crosswalks*

Added edits to prevent the **From** and **To** values from being the same.

---

### *State Reporting > Extracts > Fall > Staff*

Corrected the Summary report to display the payroll counts for Deleted, Added, and Updated records.

Modified the program to display the correct value in the **Monthly Minutes** column on the report when you extract Non-Classroom Responsibilities and then print the Responsibilities report.

Sorted the Responsibility report in alphabetical order by staff name.

Modified the Responsibility report to sort records by last name, first name, middle name within the Non-Classroom Responsibilities and Classroom Responsibilities sections.

---

### *State Reporting > Extracts > Summer*

### *State Reporting > Extracts > Fall > Staff*

Modified the program to accommodate additional characters in the employee's first, middle, and last names.

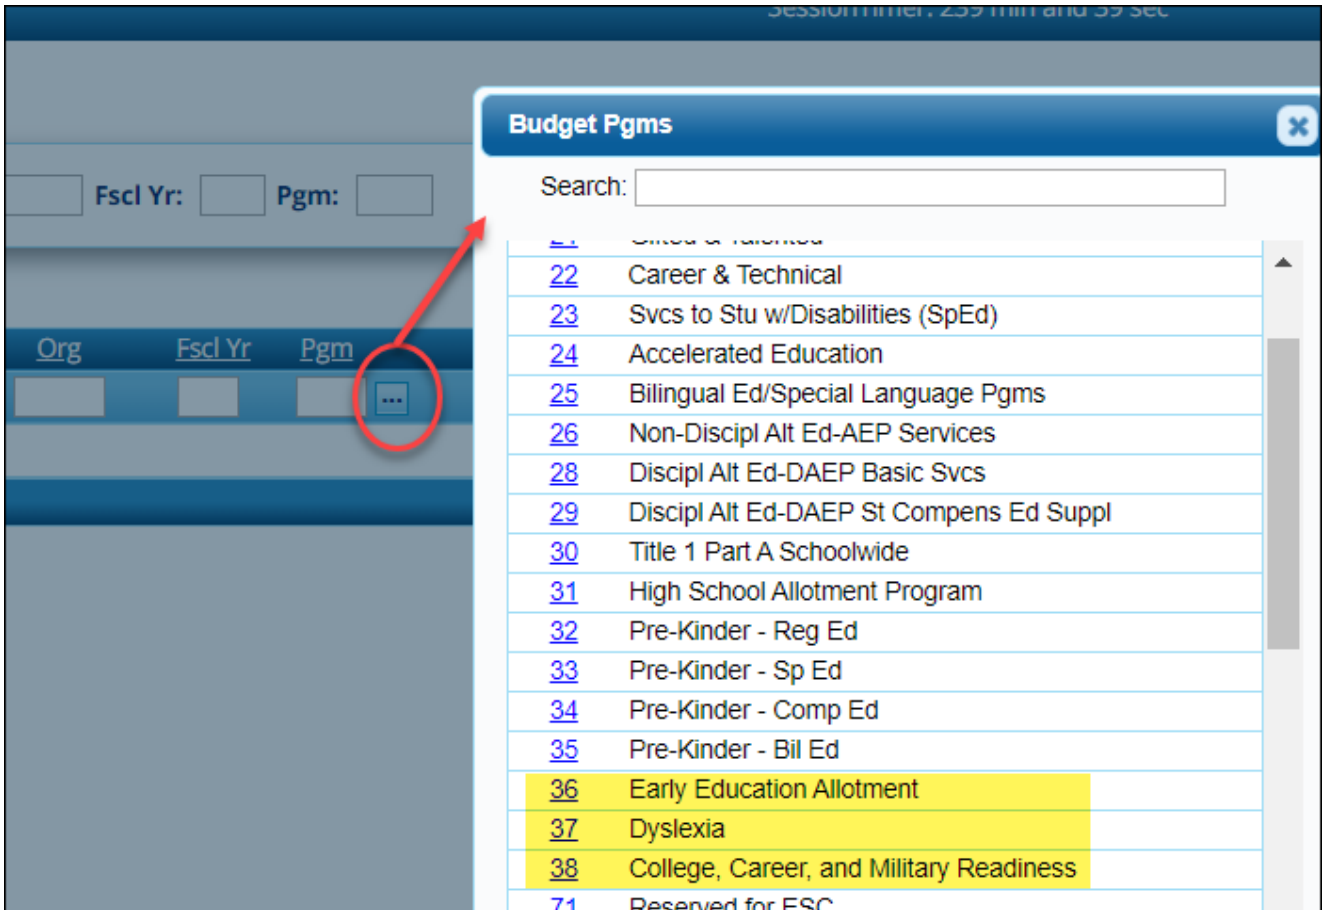

---

### *State Reporting > Maintenance > Fall > Finance Budget*

Added the following codes to the **Pgm** lookup window (PROGRAM-INTENT-CODE (E0320) Code table

C147) for the 2020 school year and beyond:

- 36 - Early Education Allotment
- 37 - Dyslexia
- 38 - College, Career, and Military Readiness

**State Reporting > Maintenance > Fall > Staff**

**State Reporting > Maintenance > Summer > Staff**

Modified the program to accommodate additional characters in the employee's first, middle, and last names, including in the Directory and on the Demo and Experience tab.

**State Reporting > Maintenance > Fall > Student > Demo**

Added the display-only **Student Census Block** field which indicates the census block in which the student resides STUDENT-CENSUS-BLOCK-GROUP (E1648). The field is automatically populated when data exists in the database (i.e., when **State Reporting > Utilities > TEA Census Block** is run).

**State Reporting > Utilities > TEA Census Block**

Added the utility which provides two functions:

**IMPORTANT: This utility can only be run in the Firefox browser.**

**Export Address** - This utility allows you to create a file for the purposes of assigning a Census Block GEO ID.

Export Address Import Census Block

Export Type

PEIMS Year: 2020  All Addresses

**Import Census Block** - This utility allows you to import a .csv file of Census Block GEO ID to assign the Census Block data to eligible students.

The screenshot shows a web interface with two tabs: 'Export Address' and 'Import Census Block'. The 'Import Census Block' tab is active. Below the tabs is a light blue panel containing a 'File:' label, an empty text input field, and a blue 'Browse' button. At the bottom of the panel are two grey buttons: 'Import' and 'Print Report'.
