## State Reporting > Options

□ Modified the program to add the **Generic Program for Additional Days School Year** field so users can indicate which generic program code will be used to identify students participating in the Additional Days School Year program.

The screenshot shows a web-based form titled "Options" with two buttons at the top: "Save" and "Retrieve". Below the buttons, there is a table of configuration options. The "Generic Program for Additional Days School Year" field is circled in red. Each field consists of a text input, a dropdown menu (indicated by three dots), and a placeholder code (XXX).
