

Release Date: xx/xx/20 **TxEIS/ASCENDER Update:** 3.5.xxxx

- Modified the program on Industry Cert to retrieve post secondary certifications from the **Industry Credentials or Certifications** table for the Fall PEIMS Student Leaver Graduation Data report. First, second and third certifications will be shown on the report.

 - Corrected the issue that allowed the **Filing Status** field to be left blank even though it was marked as a required field on the Human Resources > Tables > EA Self-Service Assignments > Payroll page.
-

State Reporting > Utilities > Create TSDS PEIMS Interchanges

- (Mandated Change)** Removed the Complex Type: HomeroomIndicator from the PEIMS Summer Student Enrollment Interchange in the Summer collection.
-
- Modified the program in the Charter School Waitlist **Selected Students** field to limit characters for first and last name. The **Last Name** field allows for 25 characters and the **First Name** field allows for 17 characters.

 - (Mandated Change)** Added functionality on the Residential Facility Tracking tab to the **Student Parent Interchange** to use table ET_C053_HANDICAP.DC142_HANDI_DESCR for Primary Disability.
