Release Date: xx/xx/20 **TxEIS/ASCENDER Update**: 3.5.xxxx

❏ Modified the program on Industry Cert to retrieve post secondary certifications from the **Industry Credentials or Certifications** table for the Fall PEIMS Student Leaver Graduation Data report. First, second and third certifications will be shown on the report.

❏ Corrected the program on Industry Cert so that the user is not directed to the Demo tab when a new row is added or when other modifications are made then saved.

State Reporting > Utilities > Create TSDS PEIMS Interchanges

❏ **(Mandated Change)** Removed the Complex Type: HomeroomIndicator from the PEIMS Summer Student Enrollment Interchange in the Summer collection.

❏ Modified the program in the Charter School Waitlist **Selected Students** field to limit characters for first and last name. The **Last Name** field allows for 25 characters and the **First Name** field allows for 17 characters.

❏ **(Mandated Change)** Added functionality on the Residential Facility Tracking tab to the **Student Parent Interchange** to use table ET_C053_HANDICAP.DC142_HANDI_DESCR for Primary Disability.

❏ Added the Complex Type: StudentCTEProgramAssociationExtension to the Student Program Interchange for the 2020-2021 PEIMS Summer Submission.
