State Reporting > Extract > Summer

- Modified the program to accept status changes that affect the grade level and eligibility code of a student.

If the student has an attendance record (at least one enrollment record with eligibility code other than 0 or 9), the extract will use the enrollment record with the most current entry date for the school year where the eligibility code is not 0 or 9 and the student is not excluded.

State Reporting > Maintenance > Summer > Student > Basic Attendance

- Corrected an issue that was causing values in the **Res Fac Days** field to round up to the nearest number when saved.
