State Reporting > Utilities > Create TSDS PEIMS Interchanges

❏ Modified the Summer Collection *Student Program Interchange* to not generate the Dyslexia Services Code tagline(s) if the Dyslexia Indicator is **0**. Dyslexia Services should not be reported unless the Dyslexia Indicator is **1**.

When the utility is run, the system will automatically create the tagline with Code 00 (C224 code 00 - Student identified with dyslexia or a related disorder under TEC 48.009 does not receive services) if the Dyslexia Indicator is marked with a **1** and there is no Dyslexia Services Code marked for a student in *Registration > Maintenance > Student Enrollment > Demo3*.
