Release Date: 4/5/24 **ASCENDER Update**: 8.0800

State Reporting > Utilities > Create TSDS PEIMS Interchanges > Student Interchange

❏ Modified the interchange to add new sub-complex type *TX-UILActivity* to the StudentExtension PEIMS Summer submission as optional (Y) with the following data element:

NON-ENROLLED-STUDENT-UIL-ACTIVITY (E1739) Code Table C234 - indicates the University Interscholastic League (UIL) activity in which a non-enrolled student participated at a school district that allows participation of non-enrolled students under TEC Section 33.0832.

State Reporting > Extracts > Summer

❏ Corrected the issue that caused the user to receive duplicate IBC records when running the *Attendance* or *Flex Attendance* extracts.
