

Release Date: 10/19/20 **TxEIS/ASCENDER Update:** 3.5.0210

Registration > Utilities > Texas Unique Student ID Processing > UID Export

☐ Added the **Charter School Waitlist** radio button to create an export file of Charter School Waitlist students who are missing a value for Texas Unique id.

NOTE: In the Student Information section on Registration > Maintenance > Charter School Waitlist > Demographics, the fields for **First** and **Last Name**, **Sex**, **DOB**, **State Student ID** and **Grd Lvl Applying For** are required for the file to export.

☐ Added the **Missing CSW UID Report** button to create a report of Charter School Waitlist students missing a Texas Unique ID.

NOTE: These fields only display if the **District Type** field is set to *Charter* on Registration > Maintenance > District Profile > District Information > Demographic Information.

The screenshot shows the 'UID Export' tab selected. A dropdown menu for 'Select Export Type' is open, showing three options: 'UID Enrollment', 'UID Assignment', and 'Charter School Waitlist'. The 'Charter School Waitlist' option is selected and circled in red. Below this menu is a text field for 'Ending School Year' set to '2021' and another for 'Campus ID (Blank for All)'. To the right of the dropdown are three buttons: 'Execute', 'Missing UID Report', and 'Missing CSW UID Report'. The 'Missing CSW UID Report' button is circled in red.

Registration > Utilities > Texas Unique Student ID Processing > UID Import

☐ Added the **Charter School Waitlist Students** field to the page. When the field is selected, the imported file will update students on the Charter School Waitlist.

NOTE: This field only displays if the **District Type** field is set to *Charter* on Registration > Maintenance > District Profile > District Information > Demographic Information.
