**Release Date:** XX/XX/XX **TxEIS/ASCENDER Update:** 3.5.0210

## Registration > Utilities > Texas Unique Student ID Processing > UID Export

Added the **Charter School Waitlist** radio button to create an export file of Charter School Waitlist students who are missing a value for Texas Unique id.

**NOTE:** In the Student Information section on Registration > Maintenance > Charter School Waitlist > Demographics, the fields for **First** and **Last Name**, **Sex**, **DOB**, **State Student ID** and **Grd Lvl Applying For** are required for the file to export.

Added the **Missing CSW UID Report** button to create a report of Charter School Waitlist students missing a Texas Unique ID.

**NOTE:** These fields only display if the **District Type** field is set to *Charter* on Registration > Maintenance > District Profile > District Information > Demographic Information.

The screenshot shows the 'UID Export' and 'UID Import' tabs. Under 'UID Export', there is a 'Select Export Type' section with the following options:

- Ending School Year: 2021
- UID Enrollment
- UID Assignment
- Charter School Waitlist
- Campus ID (Blank for All):

Below the options are three buttons: 'Execute', 'Missing UID Report', and 'Missing CSW UID Report'. The 'Charter School Waitlist' radio button and the 'Missing CSW UID Report' button are circled in red.
