# ASCENDER TeacherPortal

**Release Date:** 10/26/20 **TxEIS/ASCENDER Update:** 3.5.0212 **TeacherPortal Update:** 4.0.6.16

## Admin > Elementary Report Cards > Manage Elementary Skills-Based Report Cards

- ☐ Corrected an issue where teachers could not see the logo on the report card in the **Print** window.

## Grades > Assignment Grades

- ☐ Updated the program to add a gray background for **Excluded** grades.
- ☐ Updated the program to properly convert **E, S, N,** or **U** to any order of **A, B, C,** or **F** based on the grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

The screenshot shows the 'Ranges & Conversions' tab in the ASCENDER TeacherPortal. A red circle highlights the 'Grade Conversion Information' section, which contains the following data:

Letter Grade	Numeric Value
E: A	090
S: B	080
N: C	070
U: F	
P: C	069
A:	
B:	
C:	
D:	
F:	

Below the table, the 'Display Numeric Grades as Alpha' checkbox is unchecked.

- ☐ Updated the program to display fields for **Pin, Save** and **Calculate Averages** at the top and bottom of the page.

PIN:  **Save** **Calculate Averages**

Student ID	Student Name	Cycle Average
502881	T  MONROE, COLTON W	
<b>Overall Averages:</b>		

PIN:  **Save** **Calculate Averages**

☐ Reintroduces the **Shown Withdrawn** option to the page.

☐ Updated the program so that when a grade is blank the **Redo** and **Late** fields on the Note pop-up screen are disabled.

## Grades > Cycle Grades

☐ Corrected the program to properly retain updated citizenship grade values after entering the **PIN** and clicking **Save**. Previously, if a campus set default citizenship grades on the Grade Reporting > Maintenance > Tables > Campus Control Options > Posting tab and the teacher tried to update multiple citizenship grades to values other than the default value, the updated grades would default to the last grade entered.

## Grades > Elementary Report Cards > Print Elementary Report Cards

☐ Corrected an issue in *TeacherPortal* and *txGradebook* where attendance was not displaying on the report card when printed.

## Settings > Manage Categories

☐ Updated the program to properly convert **E, S, N, or U** to any order of **A, B, C, or F** based on the

grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

The screenshot shows a web application interface with a 'Save' button at the top left. Below it is a tabbed menu with 'Parameters', 'Ranges & Conversions', 'Computation', 'H Roll & Gr Avg', 'Print Options', 'Posting', and 'Parameters NYR'. The 'Ranges & Conversions' tab is active. On the left, there are several input fields for grade ranges: 'Highest Cycle Grade Allowed' (100), 'Lowest Cycle Grade Allowed' (000), 'Highest Exam Grade Allowed' (100), 'Low Exam Grade Allowed' (000), 'Highest Non-Passing Grade' (069), and 'Display Numeric Grades as Alpha' (unchecked). On the right, a 'Grade Conversion Information' box is highlighted with a red circle. It contains two rows of input fields: the first row has 'E: A', 'S: B', 'N: C', 'U: F', and 'P: C'; the second row has 'A: 090', 'B: 080', 'C: 070', 'D: ', and 'F: 069'.

## Settings > Manage Assignments

☐ Updated the program to prevent deleting assignments that are part of a group of courses that have grades entered.
