ASCENDER TeacherPortal

ASCENDER TeacherPortal

Release Date: 10/26/20 **TxEIS/ASCENDER Update:** 3.5.0212 **TeacherPortal Update:** 4.0.6.16

Admin > Elementary Report Cards > Manage Elementary Skills-Based Report Cards

Corrected an issue where teachers could not see the logo on the report card in the **Print** window.

Grades > Assignment Grades

Updated the program to add a gray background for **Excluded** grades.

Updated the program to properly convert **E, S, N,** or **U** to any order of **A, B, C,** or **F** based on the grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

Grade Conversion Information									
E:	A	S:	B	N:	C	U:	F	P:	C
A:	090	B:	080	C:	070	D:		F:	069

Updated the program to display fields for **Pin, Save** and **Calculate Averages** at the top and bottom of the page.

The screenshot shows a user interface for calculating student averages. At the top, there is a PIN input field followed by two blue buttons: 'Save' and 'Calculate Averages'. Below this is a table with three columns: 'Student ID', 'Student Name', and 'Cycle Average'. The first row contains the student ID '502881' and the name 'MONROE, COLTON W'. Below the table, there is an 'Overall Averages' section. At the bottom, there is another PIN input field and 'Save' and 'Calculate Averages' buttons, which are circled in red in the image.

Student ID	Student Name	Cycle Average
502881	T MONROE, COLTON W	
Overall Averages:		

Reintroduces the **Shown Withdrawn** option to the page.

Updated the program so that when a grade is blank the **Redo** and **Late** fields on the Note pop-up screen are disabled.

Grades > Cycle Grades

Corrected the program to properly retain updated citizenship grade values after entering the **PIN** and clicking **Save**. Previously, if a campus set default citizenship grades on the Grade Reporting > Maintenance > Tables > Campus Control Options > Posting tab and the teacher tried to update multiple citizenship grades to values other than the default value, the updated grades would default to the last grade entered.

Grades > Elementary Report Cards > Print Elementary Report Cards

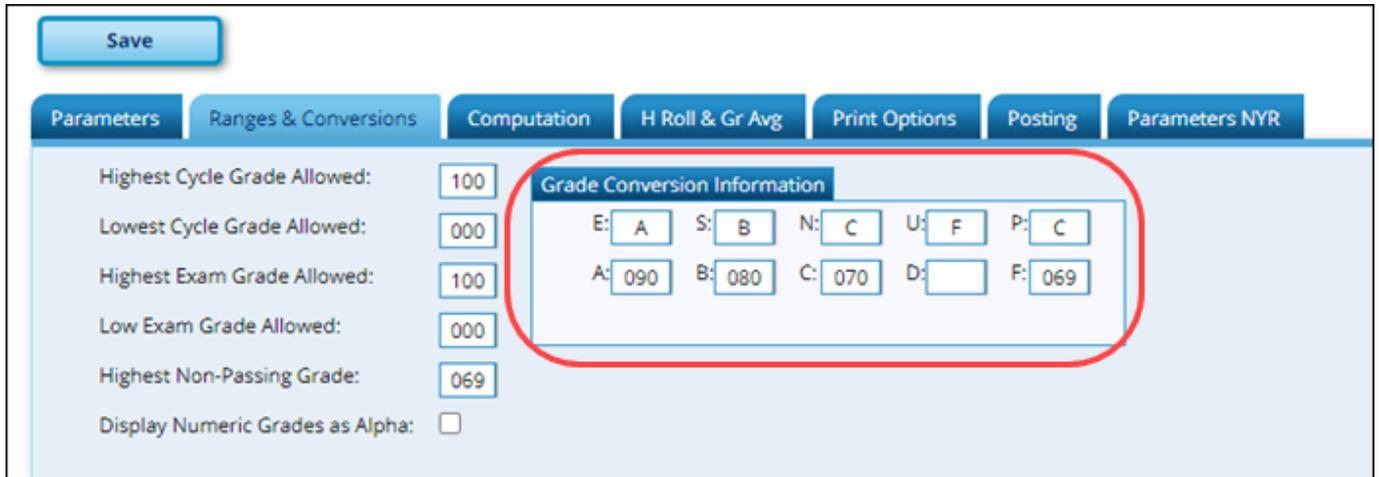

Corrected an issue in *TeacherPortal* and *txGradebook* where attendance was not displaying on the report card when printed.

Settings > Manage Categories

Updated the program to properly convert **E, S, N, or U** to any order of **A, B, C, or F** based on the

grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

The screenshot shows a web interface for configuring grade conversion information. At the top left is a blue "Save" button. Below it is a navigation bar with tabs: "Parameters", "Ranges & Conversions", "Computation", "H Roll & Gr Avg", "Print Options", "Posting", and "Parameters NYR". The "Ranges & Conversions" tab is active. On the left side, there are several settings with input fields: "Highest Cycle Grade Allowed" (100), "Lowest Cycle Grade Allowed" (000), "Highest Exam Grade Allowed" (100), "Low Exam Grade Allowed" (000), "Highest Non-Passing Grade" (069), and "Display Numeric Grades as Alpha" (checkbox). The "Grade Conversion Information" section is highlighted with a red oval and contains two rows of input fields: Row 1: E: A, S: B, N: C, U: F, P: C; Row 2: A: 090, B: 080, C: 070, D: [empty], F: 069.

Settings > Manage Assignments

Updated the program to prevent deleting assignments that are part of a group of courses that have grades entered.
