## Admin > Elementary Report Cards > Manage Elementary Skills-Based Report Cards

Corrected an issue where teachers could not see the logo on the report card in the **Print** window.

## Grades > Assignment Grades

Updated the program to add a gray background for **Excluded** grades.

Updated the program to properly convert **E, S, N, or U** to any order of **A, B, C, or F** based on the grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

Updated the program to display fields for **Pin, Save** and **Calculate Averages** at the top and bottom of the page.

The screenshot shows a user interface for calculating student averages. It features two identical sections. Each section starts with a 'PIN:' label followed by an input field. To the right of the input field are two blue buttons: 'Save' and 'Calculate Averages'. A red circle highlights these buttons in both sections. Below the top section is a table with three columns: 'Student ID', 'Student Name', and 'Cycle Average'. The first row contains the student ID '502881' and the name 'MONROE, COLTON W'. Below the table, the text 'Overall Averages:' is displayed. The bottom section is identical to the top one, with a 'PIN:' input field and 'Save' and 'Calculate Averages' buttons highlighted by a red circle.

Reintroduces the **Shown Withdrawn** option to the page.

Updated the program so that when a grade is blank the **Redo** and **Late** fields on the Note pop-up screen are disabled.

## Grades > Cycle Grades

Corrected the program to properly retain updated citizenship grade values after entering the **PIN** and clicking **Save**. Previously, if a campus set default citizenship grades on the Grade Reporting > Maintenance > Tables > Campus Control Options > Posting tab and the teacher tried to update multiple citizenship grades to values other than the default value, the updated grades would default to the last grade entered.

## Grades > Elementary Report Cards > Print Elementary Report Cards

Corrected an issue in *TeacherPortal* and *txGradebook* where attendance was not displaying on the report card when printed.
