□ Updated the program to properly convert **E, S, N, or U** to any order of **A, B, C, or F** based on the grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

The screenshot shows the 'Ranges & Conversions' tab in a software interface. On the left, there are several input fields for grade ranges, with values like 100, 000, 100, 000, and 069. On the right, a section titled 'Grade Conversion Information' is circled in red. This section contains two rows of mappings:
