ASCENDER TeacherPortal

ASCENDER TeacherPortal

Release Date: 10/26/20 **TxEIS/ASCENDER Update:** 3.5.0212 **TeacherPortal Update:** x.x.x.xx

Admin > Elementary Report Cards > Manage Elementary Skills-Based Report Cards

Corrected an issue where teachers could not see the logo on the report card in the **Print** window.

Grades > Assignment Grades

Updated the program to add a gray background for **Excluded** grades.

Updated the program to properly convert **E, S, N,** or **U** to any order of **A, B, C,** or **F** based on the grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

The screenshot shows the 'Ranges & Conversions' tab in the ASCENDER TeacherPortal. A red circle highlights the 'Grade Conversion Information' section, which contains the following data:

E:	A	S:	B	N:	C	U:	F	P:	C
A:	090	B:	080	C:	070	D:		F:	069

Other visible settings include:

- Highest Cycle Grade Allowed: 100
- Lowest Cycle Grade Allowed: 000
- Highest Exam Grade Allowed: 100
- Low Exam Grade Allowed: 000
- Highest Non-Passing Grade: 069
- Display Numeric Grades as Alpha:

Updated the program to display fields for **Pin, Save** and **Calculate Averages** at the top and bottom of the page.

The screenshot displays a user interface for calculating student averages. It features two identical sections. Each section starts with a 'PIN:' label followed by an input field. To the right of the input field are two blue buttons: 'Save' and 'Calculate Averages'. A red circle highlights these buttons in both sections. Below the top section is a table with three columns: 'Student ID', 'Student Name', and 'Cycle Average'. The first row contains the student ID '502881' and the name 'MONROE, COLTON W'. The second row is labeled 'Overall Averages:'. Below the table is a horizontal scrollbar. The bottom section is identical to the top one, with a 'PIN:' input field and 'Save' and 'Calculate Averages' buttons, also highlighted with a red circle.

- Reintroduces the **Shown Withdrawn** option to the page.

Grades > Cycle Grades

- Corrected the program to properly retain updated citizenship grade values after entering the **PIN** and clicking **Save**. Previously, if a campus set default citizenship grades on the Grade Reporting > Maintenance > Tables > Campus Control Options > Posting tab and the teacher tried to update multiple citizenship grades to values other than the default value, the updated grades would default to the last grade entered.

Grades > Elementary Report Cards > Print Elementary Report Cards

- Corrected an issue in *TeacherPortal* and *txGradebook* where attendance was not displaying on the report card when printed.
