Updated the program to properly convert **E, S, N, or U** to any order of **A, B, C, or F** based on the grade conversion table in **Grade Reporting > Maintenance > Tables > Campus Control Options > Ranges & Conversions** which corrected the system error that occurred when the teacher clicked **Retrieve**.

Previously, if you mapped **N** to **F** and **U** to **C**, an error displayed.

Grades > Cycle Grades

Corrected the program to properly retain updated citizenship grade values after entering the **PIN** and clicking **Save**. Previously, if a campus set default citizenship grades on the Grade Reporting > Maintenance > Tables > Campus Control Options > Posting tab and the teacher tried to update multiple citizenship grades to values other than the default value, the updated grades would default to the last grade entered.

Grades > Elementary Report Cards > Print Elementary Report Cards

Corrected an issue in *TeacherPortal* and *txGradebook* where attendance was not displaying on the report card when printed.
