> The utility will set the At-Risk begin date with the as-of date entered by the user.
>
> - If the Begin date is empty, which means the student is not at risk, the utility is going to to populate the at-risk data with the as-of date entered by the user.
>
> If the student has an existing at-risk record and new criteria is triggered as of the date entered by the user:
>
> - If the Begin date is populated and the End date is empty, the utility will set the End date and new record Begin date with the as-of date entered by the user if any of the indicators

calculated by the utility have changed.

- If the Begin date and End date are populated, and the End date is on or after the as-of date entered by the user, the utility will update the existing End date and new record Begin date with the as-of date entered if any of the indicators calculated by the utility have changed.
- If the Begin date and End date are both populated, and the End date is before the as-of date entered by the user, the utility will create a new record Begin date with the as-of date entered if any of the indicators calculated by the utility have changed.
