Registration > Utilities > At Risk Indicators

Updated the utility to add the following PEIMS at-risk criteria options:

16. Chronically Absent (TEC 48.009) - Is a chronically absent student, as defined by TEC, §48.009; SB 991 amends TEC §29.081(d) by adding chronic absenteeism as defined by TEC §48.009 to the list of reasons a student could be considered at risk of dropping out of school.

17. 10+ Unexcused Abs/6mo (TEC 25.085/25.086) - Is required to attend school under TEC, §28.085, is not exempt under TEC, §25.086, and fails to attend school without excuse for 10 or more days or parts of days within a six-month period in the same school year;

The utility will set the At-Risk begin date with the as-of date entered by the user.

- If the Begin date is empty, which means the student is not at risk, the utility is going to populate the at-risk data with the as-of date entered by the user.

If the student has an existing at-risk record and new criteria is triggered as of the date entered by the user:

- If the Begin date is populated and the End date is empty, the utility will set the End date and new record Begin date with the as-of date entered by the user if any of the indicators

calculated by the utility have changed.

- If the Begin date and End date are populated, and the End date is on or after the as-of date entered by the user, the utility will update the existing End date and new record Begin date with the as-of date entered if any of the indicators calculated by the utility have changed.
- If the Begin date and End date are both populated, and the End date is before the as-of date entered by the user, the utility will create a new record Begin date with the as-of date entered if any of the indicators calculated by the utility have changed.

Special Education > Reports > Special Ed > Program > SEM0850 - PEIMS Verification List

- Corrected the error with the report that caused students to not be listed on the report with the **IEP Continuer** coding even though the student is coded as an **IEP Continuer** on Special Education > Maintenance > Student Sp Ed Data > Current Year > Program Information.
