Update 3.4.0143

## TxEIS Graduation Plan

***Graduation Plan > Maintenance > Student > Individual Maintenance > PGP***

Corrected the program to allow you to save PGP data for a student who did not have existing graduation plan data.

---

## TxEIS Registration

***Registration > Maintenance > Student Enrollment > W/R Enroll***

Prevented the fields below the grid from disappearing when withdrawing and then re-enrolling a student.

---

***Registration > Maintenance > Prior Year Leaver Tracking***

Removed the following fields for the 2019-2020 school year and later:

- **Graduation Program** (all fields)
  - **Graduation Performance Acknowledgments** (all fields)
- 

***Registration > Reports > Registration Reports > Student > SRG2400 - Students Without a Parent Portal Account Report***

Added the report name to the Registration Reports menu.

---

# ASCENDER ParentPortal

## Update 4.0.0.10x

### *My Account*

Corrected the issue that caused the **Enroll a New Student** button to be disabled for new accounts.

---

### *ASCENDER ParentPortal Admin > Form Management > Custom Forms > Create Custom Form*

Increased the characters allowed in the **Paragraph** option from 200 to 1000.
