Update 3.5.0169

Registration

Registration > Maintenance > Online Registration > New Student Enrollment > Register Student

❏ Added the **Xfer Factor** field allowing you to enroll a student who would otherwise be assigned to another campus when a campus is capped. This field allows you override the cap for the current year. The list of Transfer Factor reasons is maintained on ***Registration > Maintenance > District Profile > Tables > Transfer Factor CY***.

❏ Added the **Attendance Zones** section which provides a list of campuses in the student's attendance zone. If Attendance Zones are used in the district (i.e, if **Attendance Zone Edit** is selected on ***Registration > Maintenance > District Profile > District Information > Attendance Zone Option**s*), the student's physical address will be validated against the campus Attendance Zones. If the student's physical address is not within a street segment as defined on the campus Attendance Zones page, the student cannot be enrolled.
