## Grades > Assignment Grades

- Corrected the issue that prevented the assigned category colors (Settings > Manage Categories) from being displayed.
- Corrected the issue that prevented you from re-entering a new grade after you previously entered and deleted the grade.

## Reports > Cycle Grade Range

- Corrected the program to allow a maximum grade of 100. Previously, an error occurred.

## Settings > Manage Categories

- (**Help only change**) Changed information in the **Category Names** description. Previously, it read "Category names are not case-sensitive (e.g., if "quiz" already appears in the list, you can add "Quiz")." Now, it reads, "Category names are case-insensitive (e.g., if "quiz" already appears in the list, you cannot add "Quiz")."

## Settings > Arrange Student Order

- Corrected the functionality to shift the order of the student positions up or down in the list instead of swapping them.
