

## **ASCENDER/TxEIS**

Update 3.5.XXXX

## Registration > Maintenance > Student Enrollment

☐ Corrected the program to prevent the following error from occurring when saving a change on a tab other than the At Risk tab for a current year student without an at-risk record: "SQL Anywhere Error -193: Primary Key for table SR\_STU\_AT\_RISK is not unique."

# ASCENDER TeacherPortal

Update 4.2.X.X

## Reset Password

☐ Corrected the **User Name** field to accept the allowable 25 characters. Previously, a teacher could not perform a password reset because her user name was more than 8 characters.

## Campus

☐ Corrected the issue that prevented teachers who teach at multiple campuses from switching views between assigned campuses.

## Grades > Assignment Grades

☐ Corrected the issue that prevented the assigned category colors (Settings > Manage Categories) from being displayed.

☐ Corrected the issue that prevented you from re-entering a new grade after you previously entered and deleted the grade.

☐ Corrected the program to italicize the lowest grade(s) according to the number of dropped grades indicated under **Selected Categories**.

- ☐ Corrected the issue that prevented the program from responding when manually entering a grade in the Transfer Walk-In Average pop-up window.
- ☐ Corrected the error that occurred when trying to use the Transfer Walk-In Average feature for students who did not transfer into a class.

## Reports > Cycle Grade Range

- ☐ Corrected the program to allow a maximum grade of 100. Previously, an error occurred.

## Settings > Manage Categories

- ☐ (**Help only change**) Changed information in the **Category Names** description. Previously, it read "Category names are not case-sensitive (e.g., if "quiz" already appears in the list, you can add "Quiz")." Now, it reads, "Category names are case-insensitive (e.g., if "quiz" already appears in the list, you cannot add "Quiz")."

## Settings > Manage Categories

- ☐ Corrected the program to accurately delete the selected categories, and allow multiple selected categories to be deleted at the same time.

## Settings > Arrange Student Order

- ☐ Corrected the functionality to shift the order of the student positions up or down in the list instead of swapping them.
