3.5.0190

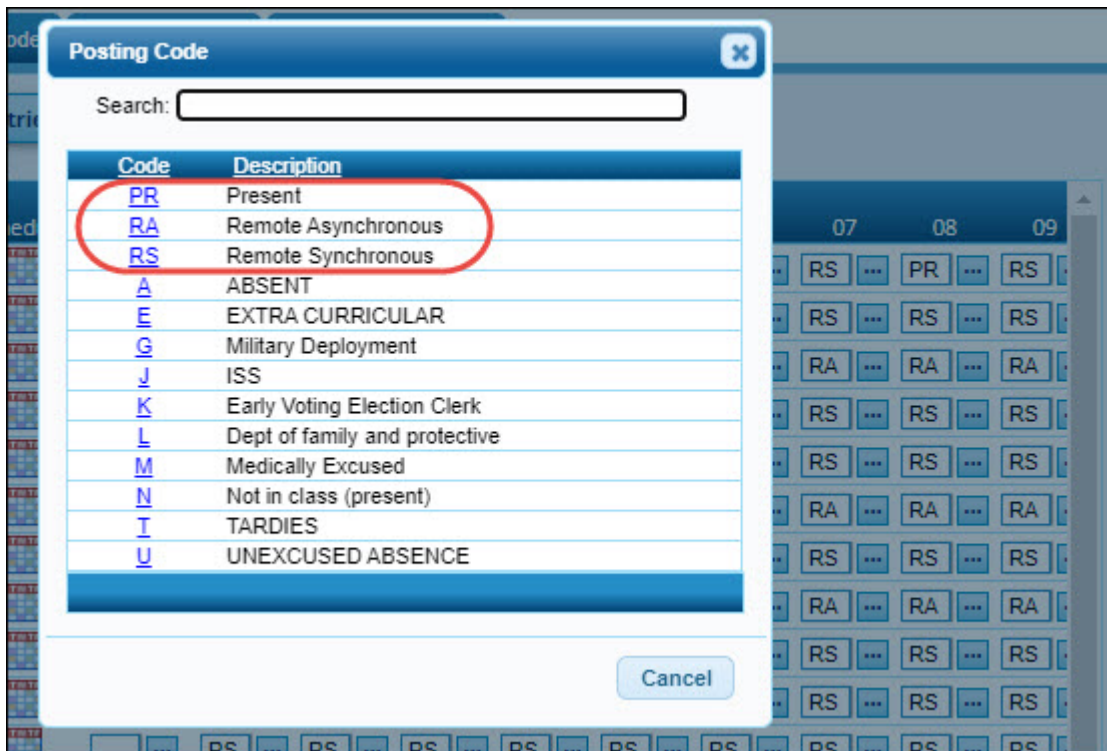

Attendance > Maintenance > Student > Student Posting with Comments

Modified By Period, By Individual, By Date/Control Nbr, By Date/Grade and Code, By Date/Course, and By Generic Program to allow posting and viewing of either an absence or presence code for students.

Removed the *P* option to delete an absence (Present is now *PR*).

Added the following presence codes to the Posting Code ellipsis: Present (*PR*), Remote Synchronous (*RS*), and Remote Asynchronous (*RA*).

NOTE: When you replace any saved posting code with a Present (*PR*), that row in the posting table will be deleted and an audit row will be created for it.

Attendance > Maintenance > Student > Student Inquiry

Modified Attendance Audit to include the presence posting code.

Attendance > Utilities > Import External Gradebook Absences

Removed the utility from the application.

Attendance > Reports > Attendance Reports > All > SAT0900 - Campus/District Summary Report**Attendance > Reports > Attendance Reports > All > SAT0920 - Campus/District Multi-Track Summary Report****Attendance > Reports > Attendance Reports > All > SAT0950 - District Attendance and Contact Hours**

Modified the program so that the following rows on the reports calculate properly (the same way as the same rows from the TEA TSDS PEIMS PDM3-130-001 report):

- **H1 Early Ed Eco Dis Elig Days**
- **H2 Early Ed Lang Elig Days**
- **H3 Early Ed Eco Dis & Lang Elig Days**

Registration > Maintenance > District Profile > Move To Grade Reporting

Corrected the issue not allowing users who ran Load from Backup to run Move to Grade Reporting. This affected users who had selected **Set To Campus Track** for at least one campus on the Campus Move Options tab and caused them to receive the following error message: "No First day of School Found."

**Registration > Maintenance > Campus Profile > Campus Information
Maintenance > Principal/Counselor
Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Instructor**

Corrected the program to display next year employees in the **Staff ID** ellipsis.

Grade Reporting > Maintenance > Tables > Campus Control Options > Parameters

Corrected the program validation to match cycle end dates to the Attendance calendar by campus/track.

Grade Reporting > Maintenance > Student > Individual Maint > Assignments

Corrected the program error that was caused by an assignment with a blank due date.

**Grade Reporting > Maintenance > Gradebook Options > District > Administrative Users
Grade Reporting > Maintenance > Gradebook Options > Campus >**

Administrative Users

- Modified the **User Name** field to allow up to 25 characters (the same as TeacherPortal).
-

ASCENDER ParentPortal

Update 4.2.5.2

Login

- Corrected the following message from “ParentPortal ID does not exit.” to “ParentPortal ID does not exist.” Previously, the word “exist” was misspelled.
- Corrected the program to only display the **Sex** field once during the Registration process.
- Corrected the program to only display fields as indicated on the ParentPortal > Admin > Form Creator page.

Admin Settings > District Settings

- Modified the program so that when Color Customization is on, ParentPortal is properly displayed on mobile devices.

Admin > Form Management > Form Creator

- Corrected the issue that caused a static form to be saved as a dynamic form when Spanish was selected as the language.

Admin > Form Group Management > Returning Student Registration

- Corrected the program to auto-populate the district name (e.g., Texas ISD) where applicable on the following forms:

- FERPA
- Food Allergy Disclosure
- Student Health Information Sheet

Summary > Registration

- Corrected an issue where a form for Online Registration was not displaying, but the parent/guardian could save the form and continue.

ASCENDER TeacherPortal

Update 4.0.2.6

Login

- Corrected the issue that prevented some users from recovering their user name or resetting their password. These users received the following error message: "One or more of the following fields failed to match a user record or the user record is not active."
- Corrected the issue that prevented some users from creating an account.

Grades > Assignment Grades

- Corrected the Transfer Student pop-up window to properly display the **From** details.
- Modified the program to correctly retrieve assignments by **Due Date** when either manually entering a date or selecting a date from the calendar. Also, corrected the program error that may have occurred when manually entering a due date and tabbing out of the field.

Reports > Cycle Grade Range

- Corrected the program to allow a maximum grade of 100. Previously, an error occurred.

Reports > Rubrics

Corrected the report to bold the **Points Earned** value in the **Student Score** column and add a page break between students when printing the report.

Settings > Manage Course Groups

Corrected the program to match the instructor's schedule.
