ASCENDER TeacherPortal

ASCENDER TeacherPortal

Update 4.0.X.X

Login

❏ (*Released on 08/29/2020*) Corrected the issue that caused some users to receive an internal server error when trying to log on.

❏ (*Released on 08/30/2020*) Corrected the issue that allowed a new user to create an account but prevented the user from logging on.

Reset Password

❏ (*Released on 08/28/2020*) Corrected the issue that caused some user's personal identification number (PIN) to be reset to blank when they reset their password.

NOTE: Some users may still have a blank PIN, use the reset PIN SQL to reset these PINs to a default value. The SQL is located in the release folder.

Admin

❏ (*Released on 08/28/2020*) Corrected the issue that caused incorrect campus and teacher names to be displayed in the main menu for admin users. Now, the campus and teacher names match the selections indicated on the Admin > Admin Options page.

Admin > Elementary Report Cards > Manage Elementary Skills-Based Courses

❏ (*Released on 08/28/2020*) Modified the program to properly allow the use of Elementary Skills-Based courses.

❏ Modified the program to properly display fields in Spanish instead of English when Spanish is selected as the language.

Attendance > Post/View Attendance

❏ (*Released on 08/28/2020*) Changed the **Last day for mass activation** date format from YYYY/MM/DD to MM/DD/YYYY.

Attendance > Post/View Attendance
Settings > Update Profile

❏ (*Released on 08/28/2020*) Modified the program to display the correct course list in the **Period** drop down when the **Combine Courses in Attendance** field is selected/unselected.

Grades > Assignment Grades

❏ (*Released on 08/28/2020*) Corrected the issue that prevented **Cycle Averages** from being calculated and displayed for some courses.

Grades > Cycle Grades

❏ (*Released on 08/30/2020*) Corrected the issue that caused an incorrect teacher name to be printed on the report.

Reports > Class Roster

❏ (Released on 08/30/2020) Corrected the program to properly sort student names in alpha order even when names are in all uppercase letters.

Settings > Manage Categories

❏ (*Released on 08/28/2020*) Corrected the issue that caused some users to receive an error when accessing this page.

Settings > Manage Assignments

❏ (*Released on 08/28/2020*) Modified the program to correctly change and display all courses as applicable.

Settings > Manage Course Groups

❏ Corrected the functionality of the **Recheck Validity** button.

Settings > Manage Course Groups
Settings > Manage Student Groups

❏ *(Released on 08/30/2020)* Corrected the program to properly search, select, move, and save students in the course and student groups.
