Attendance > Maintenance > Student > Student Posting with Comments

- Modified applicable error messages to correctly display "PR" instead of "P".
-

Attendance > Reports > Create Attendance Report

- Added the following posting codes to the **Absence Posting Codes** section for the 2020-2021 school year:

- Remote Asynchronous (**RA**)
 - Remote Synchronous (**RS**)
-

Health > Maintenance > Student Health > Communicable Disease

- Added the new communicable disease code of CV for Covid-19 to the **Disease** field.
-

Registration > Utilities > Transfer > Scheduling Transfer

- Corrected the program to include the student's **Bil/ESL Fund Cd** and **Alt Lang Cd** from the Registration > Maintenance > Student Enrollment > Bil/ESL Program tab when creating the next year campus record, which will then create an accurate record in Move to Grade Reporting (MTGR).
-

Registration > Utilities > TReX Export

- (**Mandated Change**) Updated the program per Ver 4.9 2020-2021 Data Standards.

NOTE: The TReX extract is programmed to extract the 2021 Crisis Codes; therefore, if TEA TReX is not accepting the codes at this time, you will need to manually update the TReX file with 00 Crisis Codes. The TReX file upload with 00 Crisis Codes was tested and the file uploaded with only data errors; no fatal errors occurred.

- Modified the program to correctly create files for students who have one of the following status codes in their most recent enrollment record:

- 4 - Enrolled at another campus, will attend this campus next year
 - 5 - Not currently enrolled in this district, will attend next year
-

Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Instructor**Registration > Maintenance > Campus Profile > Campus Information
Maintenance > Principal/Counselor**

Corrected the program to display next year employees in the **Staff ID** ellipsis.

Grade Reporting > Maintenance > Gradebook Options > Campus > Options

Modified the program to hide the Discipline menu in TeacherPortal when the **Allow Discipline Referrals** field is unselected.

(Mandated Change) The C210 STUDENT-INSTRUCTION-TYPE-CODE table was removed per the 2020-2021 TEDS requirements. As a result, the following program changes were made:

Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section**Scheduling > Maintenance > Master Schedule > Campus > Sections**

Modified the program to hide the **Stu Instr** field for the 2021 school year and beyond.

**Grade Reporting > Reports > Grade Reporting Reports > Master Schedules
Scheduling > Reports > Scheduling Reports > Master Schedules**

Modified the program to hide the **Stu Instr** column for the 2021 school year and beyond.

Grade Reporting:

- SGR0110 - Master Schedule PEIMS (Grd Rpting)
- SGR0120 - Master Schedule Sched Info (Grd Rpting)
- SGR0130 - Master Sched Section and Grd Rpting Info

Update 4.x.x.x

ParentPortal

- Added the **Elementary Report Cards** button to allow parents to view elementary skills-based report cards.

**Admin > My Account > New Student Enrollment
Summary > Registration**

Corrected the issue that allowed parents to submit forms with blank fields that were previously marked as **Required**. Now, all fields marked as **Required** must be completed, if not, an error message is displayed.

Attendance > Post/View Attendance

Corrected the program to display the **Activate / Inactive** options under **Attendance** for students who were inactivated by the LEA for First Day Counts.

Form Management > Custom Forms > View Custom Form Data

Corrected the program to properly display form data in Spanish instead of English when Spanish is selected as the language, and vice versa.

Admin > Form Management > Form Usage > Form Completion Data

Corrected the issue that prevented submitted form titles from being displayed in the **Select a form** drop down.

Admin > Form Group Management > Returning Student Registration

Corrected the issue that caused a blank preview of some forms.

Update 4.0.X.X

Grades > Assignment Grades

- Corrected the issue that caused grades to inadvertently move between students. Now, the program properly saves and posts grades for selected students.
- Corrected the issue that prevented the **Calculate Averages** button from functioning when you entered new grade values. Now, if you enter new grade values and click the **Calculate Averages** button, the cycle averages are recalculated. The newly entered grades values and recalculated cycle averages are only saved if you click the **Save** button.
- Modified the program to remove the column sort functionality. Previously, if the teacher first used the column sort functionality and then updated grades, the grades were not saved to the correct student records.

Reports > Assignment Grades

Reports > Cycle Grade Range

- Corrected the program to properly sort student names regardless of the letter case (upper/lower).

Grades > Assignment Grades

Grades > Cycle Grades

- Corrected the program to only display withdrawn students if the **Show Withdrawn Students** field is selected.

Settings > Manage Course Groups

- Corrected the functionality of the **Recheck Validity** button.
