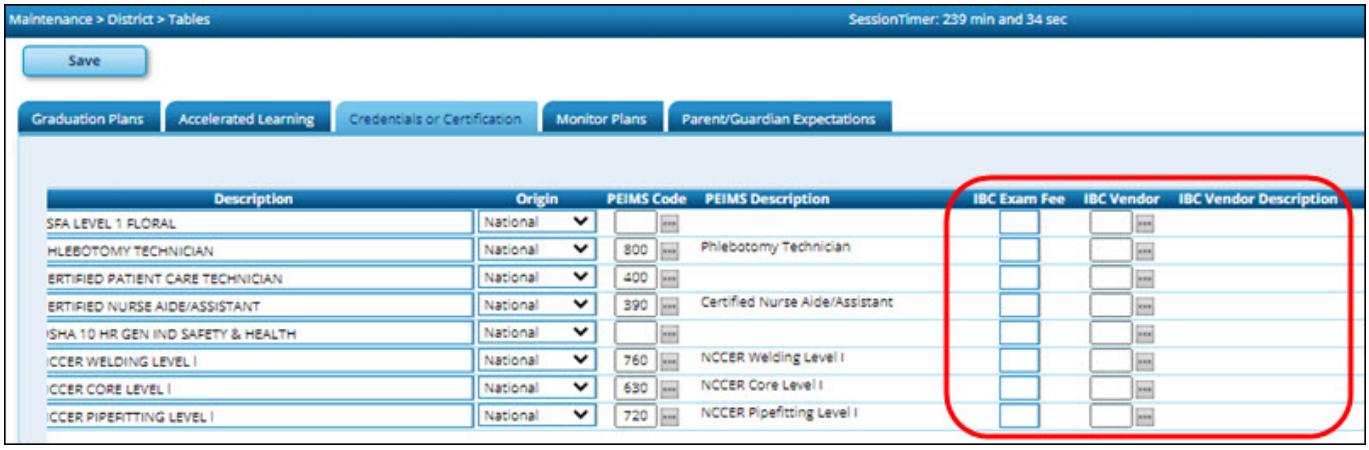
ASCENDER®
ELEVATING TECHNOLOGY SOLUTIONS

Release Date: 10/2/20 **TxEIS/ASCENDER Update**: 3.5.XXXX

Graduation Plan > Maintenance > District > Tables > Credentials or Certification

❑ Added the following columns:

- **IBC Exam Fee** - Indicates the amount of money paid by the LEA for a student's Industry-Based Certification (IBC) exam. The amount must be a whole number between 0 and 700. This field is required if a PEIMS Code is selected.
- **IBC Vendor** - Indicates the vendor code of the organization or company that offered the exam service. This field is required if a PEIMS Code is selected.
- **IBC Vendor Description** - Displays the organization or company name of the selected IBC vendor code.



Registration > Maintenance > Student Enrollment > Demo3

❑ Updated the following error message from: "Demo3 - If Homeless Stat Code is a 1, 2, 3, or 4, Unaccomp Youth Stat Code must be a 3 or 4" **to** "Demo3 - If Homeless Stat Code is a 1, 2, 3, 4, or 5 Unaccomp Youth Stat Code must be a 3 or 4."

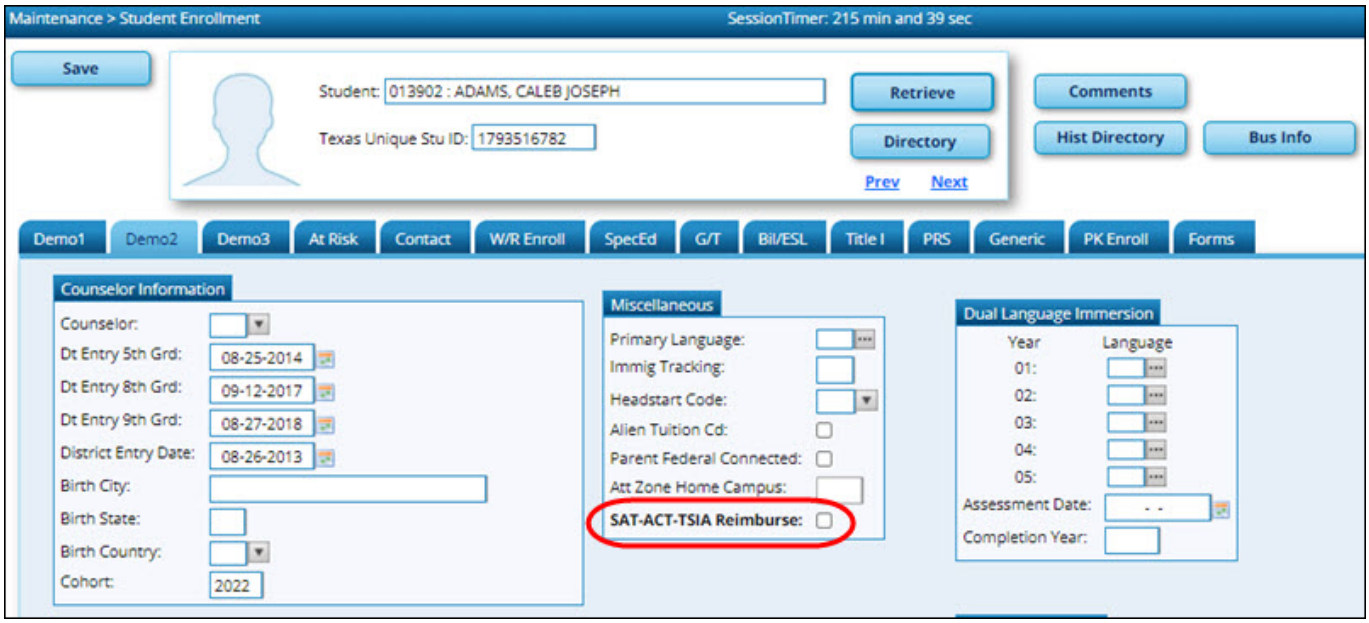
❑ Added the two-digit code to the beginning of the field names in the **Dyslexia Services** section:

- **01 - Section 504 Services**
- **02 - SBEC/Trained Staff**
- **03 - Section 39.023 Mods**

Registration > Maintenance > Student Enrollment > Demo2

❑ Added the **SAT-ACT-TSIA Reimburse** check box in the **Miscellaneous** section, which allows you to indicate if a prior or current LEA has received the one-time allowed SAT, ACT, or TSIA fee

reimbursement for the student. If selected, this data will be included in the TREx Export. This check box will be disabled if the LEA already selected it in a prior school year.



Registration > Utilities > TREx Export

❑ Added the TREx Element ID TE134 (SAT-ACT-TSIA-REIMBURSEMENT-INDICATOR).

Registration > Maintenance > Online Registration > Pending Updates

❑ Modified the program to update the original and long student name fields when name changes are done via ZippSlip.

Scheduling > Maintenance > MSALGO > Process > Utilities

❑ Modified Move MSALGO Sections to TxEIS so that the backup file that is created will store both the existing TxEIS Campus Master Schedule tables that will be replaced with MSALGO section data and the MSALGO Tables.

❑ Modified Restore MSALGO Tables to properly restore the TxEIS course sections and meeting times from before performing the Move MSALGO Sections to TxEIS process.
