ASCENDER ParentPortal

Release Date: 10/2/20 **TxEIS/ASCENDER:** 3.5.XXXX **Update:**

Summary

☐ Corrected the issue that caused duplicate course records with various grades and attendance codes on Interim Progress Reports (IPRs).

Once update 3.5.0207 is installed, clients will need to rerun the Grade Reporting > Utilities > ParentPortal Interim Progress Report in TxEIS in order to clear the duplicates.

ASCENDER TeacherPortal

Release Date: 10/2/20 **TxEIS/ASCENDER Update:** 3.5.XXXX **TeacherPortal Update:**

Grades > Assignment Grades

☐ Corrected the error that occurred when you clicked the **Show Averages as Alpha** check box.

☐ Modified the program to retain the **Show Averages as Alpha** check box selection and functionality after clicking the **Save** or **Calculate** button.

☐ Added the Unsaved Data Warning pop-up message. This message displays when the user makes changes to the page and then attempts to navigate away from the page without saving the changes.

☐ Corrected the program to properly save the **Exclude** check box selection in the Grade Properties pop-up window.

☐ Corrected the program to properly save citizenship grades. Valid grades are E, S, N, U, A, B, C, D, and F. Previously, all entered grades were being converted to S.

☐ Corrected the program to properly display alpha grades when the **Show Averages as Alpha** check box is selected and saved on the Assignment Grades page.

Reports > Class Roster

☐ Corrected an issue where if a current teacher has no courses, the Class Roster as admin shows the previous teacher's courses and students.

☐ Corrected an issue so that if no courses are selected in the **Course-Section** field, the **Generate** button is disabled.

Reports > Class Roster

☐ Corrected the program to properly generate the report in both page orientations; landscape and portrait.

Discipline

☐ Corrected the issue that allowed some Discipline users to access options beyond their permission level.

Settings > Manage Seating Charts

☐ Corrected the program to properly generate and print the most current version of the seating chart.

☐ Updated the program to change the **Due Date** field to **Date**.

☐ Updated the program to warn that there is unsaved data on the page when navigating away without clicking **Save Seating Chart**.
