Release Date: 1/22/21 **TxEIS/ASCENDER Update:** 3.5.XXXX **TeacherPortal Update:** 4.0.XX.XXXX

Modified the program to add the application server IP address to the bottom right corner of application pages after the copyright notice. The user must be logged in to see the server IP.

Grades > Cycle Grades

Corrected the program so that when an instructor is in *Grades > Assignment Grades* and reviews a past cycle, then goes to *Grades > Cycle Grades*, the Cycle Grades data pulls to the screen.

Grades > Elementary Report Cards > Elementary Numbers Skills Grades > Elementary Report Cards > Elementary Word Skills

Corrected an issue when instructors selected skills for a student and saved then selected skills and saved for the next student in the drop-down list, the program was saving the previous student's selected skills onto the currently retrieved student's page.

Corrected the program to validate **Incident Time** correctly. Valid incident time is HH:MM:SS AM/PM.
