Release Date: 2/26/21 **TxEIS Update:** 3.5.0231 **ParentPortal Update:** 5.0.0.12

☐ Modified the program to correct the following for new student enrollment and returning student enrollment:

- An error in Form Uploads when clicking on **Document** where users were able to upload more than one document.
- The '+' and '-' icon functionality to indicate the availability of documents.

Documents are being uploaded in ParentPortal but are not seen in other portals.

☐ Modified the program to correct an issue when uploading documents for the New Student Enrollment or Returning Student Enrollment processes. The uploaded documents are displayed when accepting and enrolling a student but not when the student is retrieved in Registration > Maintenance > Student Enrollment.
