ASCENDER

ASCENDER

Release Date: 7/2/21 **ASCENDER Update:** 5.0.0218

Graduation Plan > Maintenance > Student > Individual Maintenance > PGP

Modified the program to allow districts to select **GED** and **HiSet** options from the drop-down menu for students who meet the college readiness benchmarks on the state's approved high school equivalency (HSE) test and qualify for a TSI exemption.

Registration > Maintenance > District Profile > Annual Student Data Rollover

Modified the program in order to clear values on Registration > Maintenance > Student Enrollment > Demo3 > Prior Yr Summer Bil/ESL to prepare for new school year records.

Registration > Maintenance > Student Enrollment > Demo 3

Modified the program with the following:

- Added **Prior Yr Summer School Bil/ESL** to Status Indicators
 - Updated the Dyslexia Services code from **01-Section 504 Services** to **01-IEP/Sec 504 Svcs**
-

Registration > Maintenance > Online Registration > Pending Updates > Details

Modified the program to set **Submitted By** to EXTERNAL when records are imported using the third party registration interface.

Registration > Utilities > FitnessGram Export

Modified the record layout so that when a report is executed, the .csv file correctly uploads to the current FitnessGram software.

Registration > Reports > Registration Reports > Program Report Group

Modified the program to add the **Pr Yr Smr Bil/ESL** field to the SRG0650 - PK/Elem Student Special Program Listing report.

Test Scores > Utilities > Import Test Scores > EOC/STAAR Alternate 2 EOC Test

Modified the program per new 2021 layouts to account for import file position changes for existing imported columns and import applicable new columns.

The following field was added:

- Test Form Version
-

Test Scores > Utilities > Import Test Scores > STAAR 3-8/STAAR Alternate 2 3-8 Test

Modified the program per new 2021 layouts to account for import file position changes for existing imported columns and import applicable new columns.

The following field was added:

- Writing Test Form Version
-

Test Scores > Utilities > Import Test Scores > TELPAS/TELPAS Alternate Test

Modified the program per new 2021 layouts to account for import file position changes for existing imported columns and import applicable new columns.

Test Scores > Reports > Test Scores Test Scores > Reports > Create Test Scores

Modified the program with the following:

Added these columns to the STS0800 report on Test Scores:

- **Test Form Version**
- **Lexile Measure**
- **Quantile Measure**
- **Translated Materials**

Added these checkboxes to the **EOC** section on Create Test Scores:

- **Test Form Version**
 - **Lexile Measure**
 - **Quantile Measure**
 - **Translated Materials**
-

ASCENDER ParentPortal

Release Date: 7/2/21

ASCENDER Update: 5.0.0218 **ASCENDER ParentPortal Update:** 5.0.6.6

Admin Settings > Alert Settings > ParentPortal Settings

Removed the following fields:

- **Invalid Password Attempts** field
- **Lockout (in minutes)** field
- **Timeout (in minutes)** field

The ParentPortal login now references the settings in District Administration > Options > Login.

Admin Settings > Alert Settings > ParentPortal Settings

Modified the edit on the **ParentPortal Default URL** field to allow URLs with a dash (-).

ASCENDER TeacherPortal

Release Date: 7/2/21

ASCENDER Update: 5.0.0218 **ASCENDER TeacherPortal Update:** 5.0.8.10

TxEIS Update: 3.5.0245 **TxEIS TeacherPortal Update:** 4.1.0.3

Reports > Attendance Verification > Attendance Verification Report Selection

Corrected an issue in the program when generating a report to ensure the correct records are displayed on the page.
