

ASCENDER 6.0210

Release Date: 10/5/21 **ASCENDER Update:** 6.0210

Discipline > Maintenance > Referrals

☐ The release that went out Tuesday, October 12, 2021, included a fix for saving an incident on the **Referral Details Form**. When the user selects **Create Incident**, enters the referral information and saves, the information will save.

Please note however that while the Save issue is fixed, the referral information (i.e., Location of Incident, Reported By, Administered By) does not transfer to the **Maintenance** tab on Discipline > Maintenance > Student > Maintenance. The user must re-enter the referral information at this time.

Grade Reporting > Reports > Grade Report Reports > Report Cards

☐ Modified SGR1160 - Interim Progress Report to speed up retrieval time.
