ASCENDER 6.0700

ASCENDER 6.0700

Release Date: 3/4/22 **ASCENDER Update:** 6.0700

Attendance > Maintenance > Student > Student Posting > By Individual

Modified the program to correctly display courses in which a student was enrolled on an absence date.

Attendance > Maintenance > Letters > Update > Letter

Corrected logic in the program so **{nbr_tardies}** will display correctly when Absence Type on the **Letter Criteria** tab is set to Tardy.

Attendance > Maintenance > Addtnl Days Program > ADSY Options

Modified programming to remove date validation enabling the user to enter any date throughout the year as an ADSY program day.

- ADSY days can be on any day throughout the year as long as the day remains non-compulsory and does not take place on a required instructional day.

- ADSY days can be held during the summer prior to or before a school year (May - August), on designated intersessional days throughout the year, or on weekends.

Attendance > Reports > Attendance Reports > All > Membership Report Group

Modified the SAT5500 - Attendance Zones Street Detail Report so the error message produced will indicate *From Street Name must be less than To Street Name*.

Discipline > Reports > Discipline

A **Cyber** column was added to the following reports:

-
- SDS0260 - Discipline Offender Bully Harass Report
 - SDS0265 - Discipline Victim Bully Harass Report
 - SDS0800 - Offense Summary Report
-

Grade Reporting > Utilities > Grade Posting from ASCENDER TeacherPortal

Modified the program to correctly pull in and post semester grades from TeacherPortal for campuses using Standards-Based grading.

Registration > Maintenance > District Profile > Attendance Zones > CY Attendance Zone

Modified the program to increase the size of the surround box so that the **Date Capped** field is not cut off.

Modified the program so the user will get a warning message before deleting the last campus in an Attendance Zone segment giving them warning that they will be deleting the segment since there are no campuses associated with the segment anymore.

Registration > Maintenance > District Profile > Annual Student Data Rollover

Modified the program so that student SPPI-14 records for prior year leavers that are created during Annual Student Data Rollover utilize the student's Mailing Address instead of the Physical Address. If the Mailing Address is not available, the program will utilize the Physical Address.

Registration > Maintenance > Student Enrollment > Demo1

Modified the program to add indicators for **Child Find: SPPI-11** and **Child Find: SPPI-12** to the Demographic Information section. Enrolled students that can be marked Child Find SPPI-11 are between the ages of 3-21 years old as of September 1st. Enrolled students that can be marked Child Find SPPI-12 are between the ages of 0-3 (3 non inclusive) as of the Fall Snapshot date.

Find: SPPI-11

Modified the program to create **Demographics/Enrollment** screens to enable users to retrieve or enter information for those students that will be reported under SPPI-11.

The screenshot shows a web-based form for student data. At the top left is a 'Save' button. At the top right is a 'Student Information' button. Below these are two input fields: 'Student:' and 'Texas Unique Student ID:', with a 'Retrieve' button to the right. The form is divided into two tabs: 'DEMOGRAPHICS / ENROLLMENT' (which is active) and 'CHILD FIND DATA'. Under the active tab, there are two sections: 'Demographic Information' and 'Enrollment Information'. The 'Demographic Information' section includes fields for Name (split into First, Middle, Last, and Generation), Sex, DOB, and SSN. It also features several checkboxes for ethnicity: Hispanic/Latino, White, Black/African American, Asian, American Indian/Alaskan Native, and Hawaiian/Pacific Isl. The 'Enrollment Information' section includes fields for Grade, ECI Start Date, ECI Indicator Code, and Instructional Track.

Registration > Maintenance > Student Enrollment > Core Collections > Child Find: SPPI-12

Modified the program to create **Child Find Data** screens to enable users to retrieve or enter information for those students that will be reported under SPPI-12.
