# ASCENDER 8.1200

**Release Date:** 7/31/24 **ASCENDER Update:** 8.1200

## Registration > Utilities > Cafeteria Import

Modified the utility with the following changes when importing Economic Disadvantage Codes:

- On import, modify the eco dis code as follows:  
Existing record - Update the eco dis code if the begin date is prior to the student's enrollment date
- On import, insert the begin date and eco dis code as follows:  
No existing record - Insert the eco dis code and insert begin date using the student's enrollment date.
- On import, if there is an existing record in SR\_STU\_ASSOC\_ECO\_DIS and new the import file has a begin date after the student's enrollment date and has a different eco dis code, create a status change and insert the new eco dis code.
- Do not import if student has multiple SR\_STU\_ASSOC\_ECO\_DIS entries and the begin date in the file is prior to any of them.
- Do not import if student has an end date on SR\_STU\_ASSOC\_ECO\_DIS.

Updated the utility in order to allow updates or inserts to table SR\_STU\_ASSOC\_ECO\_DIS for element econdisadv\_cd.

The updated logic looks at a students entry date on SR\_STU\_ASSOC\_ECO\_DIS and also SR\_STU\_ENROLL.DT\_ENTRY date.
