Release Date: 7/31/24 **ASCENDER Update:** 8.1200

Registration > Utilities > Cafeteria Import

- Modified the utility with the following changes when importing Economic Disadvantage Codes:
 - On import, modify the eco dis code as follows:
 - Existing record - Update the eco dis code if the begin date is prior to the student's enrollment date
 - On import, insert the begin date and eco dis code as follows:
 - No existing record - Insert the eco dis code and insert begin date using the student's enrollment date.
 - On import, if there is an existing record in SR_STU_ASSOC_ECO_DIS and new the import file has a begin date after the student's enrollment date and has a different eco dis code, create a status change and insert the new eco dis code.
 - Do not import if student has multiple SR_STU_ASSOC_ECO_DIS entries and the begin date in the file is prior to any of them.
 - Do not import if student has an end date on SR_STU_ASSOC_ECO_DIS.

 - Updated the utility in order to allow updates or inserts to table SR_STU_ASSOC_ECO_DIS for element econdisadv_cd.
The updated logic looks at a students entry date on SR_STU_ASSOC_ECO_DIS and also SR_STU_ENROLL.DT_ENTRY date.
-

Registration > Maintenance > Prior Year Leaver Tracking > Leaver Tracking
