

ASCENDER 8.1200

Release Date: 7/31/24 **ASCENDER Update:** 8.1200

Grade Reporting > Maintenance > Student > Accelerated Instruction

☐ Modified the way the page extracts some data for Accelerated Instruction.

Registration > Utilities > Cafeteria Import

☐ Modified the utility with the following changes when importing Economic Disadvantage Codes:

- On import, modify the eco dis code as follows:
Existing record - Update the eco dis code if the begin date is prior to the student's enrollment date
- On import, insert the begin date and eco dis code as follows:
No existing record - Insert the eco dis code and insert begin date using the student's enrollment date.
- On import, if there is an existing record in SR_STU_ASSOC_ECO_DIS and new the import file has a begin date after the student's enrollment date and has a different eco dis code, create a status change and insert the new eco dis code.
- Do not import if student has multiple SR_STU_ASSOC_ECO_DIS entries and the begin date in the file is prior to any of them.
- Do not import if student has an end date on SR_STU_ASSOC_ECO_DIS.

☐ Updated the utility in order to allow updates or inserts to table SR_STU_ASSOC_ECO_DIS for element econdisadv_cd.

The updated logic looks at a students entry date on SR_STU_ASSOC_ECO_DIS and also SR_STU_ENROLL.DT_ENTRY date.

Registration > Maintenance > Prior Year Leaver Tracking > Leaver Tracking

☐ Corrected the error that caused the PriorYearLeavers API to populate the Student ID field with the wrong value.

Registration > Utilities > TEA Census Block

Registration > Maintenance > Student Enrollment > Demo2

☐ Updated the program to move *State Reporting > Utilities > TEA Census Block* to *Registration > Utilities > TEA Census Block*.

The screenshot shows a web application interface for the 'TEA Census Block' utility. The top navigation bar is green and contains a home icon, the text 'Utilities > TEA Census Block', and a dropdown menu labeled 'Registration'. On the left, a dark sidebar lists various utilities, with 'TEA Census Block' highlighted in green. The main content area has a light gray background and contains two tabs: 'EXPORT ADDRESS' (active) and 'IMPORT CENSUS BLOCK'. Above the tabs are three buttons: 'Missing/Invalid Data Report', 'Execute', and 'Student Information'. The 'EXPORT ADDRESS' tab displays an 'Export Type' section with the following fields: 'PEIMS Year: 2024', a checked checkbox for 'All Addresses', and a 'Campus' dropdown menu set to 'All'.

☐ Added the **Census Block** group box to *Registration > Maintenance > Student Enrollment > Demo2*.
