printreport i

Review the report using the following buttons:

Click  to go to the first page of the report.

Click  to go back one page.

Click  to go forward one page.

Click  to go to the last page of the report.

The report can be viewed and saved in various file formats.

Click  to save and print the report in PDF format.

Click  to save and print the report in CSV format. (This option is not available for all reports.) When a report is exported to the CSV format, the report headers may not be included.

Click  to close the report window. Some reports may have a **Close Report**, **Exit**, or **Cancel** button instead.

Sort/Filter	<p>Click to sort or filter data.</p> <p>Sort data: You can sort data to make it easier to review or find records in the reports. Not all reports allow this option. From the report window, click Sort/Filter to open the Sort/Filter window. By default, the Sort Criteria section is expanded. If not, click Sort Criteria.</p> <table border="1" data-bbox="264 322 1473 723"> <tr> <td data-bbox="264 322 555 423">(Left grid) Columns Available for Sorting</td> <td data-bbox="555 322 1473 423">Select the columns by which you want to sort, the columns are highlighted blue. Click ► to move the selected columns to the right side of under Sort Columns. Continue moving columns to the right grid as needed.</td> </tr> <tr> <td data-bbox="264 423 555 723">(Right grid) Sort Columns</td> <td data-bbox="555 423 1473 723"> You can rearrange the columns to indicate the order in which you want the sort applied. Click a column name, and drag it up or down to a new location. <ul style="list-style-type: none"> • In the right grid, for each column, click to indicate if you want that data sorted in ascending (e.g., A-Z, 0-9) or descending (e.g., Z-A, 9-0) order. • To remove a column from the sort, select the column, and then click to move it back to the left grid. </td> </tr> </table>	(Left grid) Columns Available for Sorting	Select the columns by which you want to sort, the columns are highlighted blue. Click ► to move the selected columns to the right side of under Sort Columns . Continue moving columns to the right grid as needed.	(Right grid) Sort Columns	You can rearrange the columns to indicate the order in which you want the sort applied. Click a column name, and drag it up or down to a new location. <ul style="list-style-type: none"> • In the right grid, for each column, click to indicate if you want that data sorted in ascending (e.g., A-Z, 0-9) or descending (e.g., Z-A, 9-0) order. • To remove a column from the sort, select the column, and then click to move it back to the left grid. 								
(Left grid) Columns Available for Sorting	Select the columns by which you want to sort, the columns are highlighted blue. Click ► to move the selected columns to the right side of under Sort Columns . Continue moving columns to the right grid as needed.												
(Right grid) Sort Columns	You can rearrange the columns to indicate the order in which you want the sort applied. Click a column name, and drag it up or down to a new location. <ul style="list-style-type: none"> • In the right grid, for each column, click to indicate if you want that data sorted in ascending (e.g., A-Z, 0-9) or descending (e.g., Z-A, 9-0) order. • To remove a column from the sort, select the column, and then click to move it back to the left grid. 												
<p>Click OK to apply the selected sort criteria to the report. Click Cancel to close the window without re-sorting.</p> <p>Filter data: When you want to view only certain data, you may find it useful to filter the report data. You can use specific criteria to retrieve only the data that you want. Not all reports allow this option. From the report window, click Sort/Filter to open the Sort/Filter window. By default, the Sort Criteria section is expanded. Click Filter Criteria to expand the Filter Criteria section. If the report does not allow sorting, the Filter button is displayed instead of the Sort/Filter button, and sort criterion fields are not available. Click Add Criterion to add new filter criteria. A blank row is displayed in the grid.</p> <table border="1" data-bbox="264 1077 1473 1682"> <thead> <tr> <th data-bbox="264 1077 395 1115">Field</th> <th data-bbox="395 1077 1473 1115">Description</th> </tr> </thead> <tbody> <tr> <td data-bbox="264 1115 395 1189">Column</td> <td data-bbox="395 1115 1473 1189">Select a column by which to filter the data.
