# **ASCENDER Scheduling - Change Course** Number Length

This guide covers the steps for changing the course number length for next year courses using the Scheduling application.

### Prerequisites

 $\Box$  You must have security rights in Security Administration for Commit Course Changes and/or Undo Course Changes in Scheduling under Maintenance > Master Schedule > District.

□ This guide assumes you are familiar with the basic features of the ASCENDER Student system and have reviewed the ASCENDER Student Overview guide.

 $\Box$  For more detailed information about individual fields, see the online Help in the ASCENDER Student system.

### **Checklist Overview**

- $\Box$  Confirm that the new course exists in the district master schedule. Add if necessary.
- □ Select the new course number length.
- □ Change course numbers and proxies, if necessary.
- $\Box$  Commit the course changes.
- $\Box$  Undo the course changes, if necessary.

### **Change Course Number Length**

The Scheduling application allows you to change the course number length for the next school year.

#### **Select New Course Number Length**

Use the District Control tab to select the length you want the new course number length to be.

#### Scheduling > Maintenance > Master Schedule > District > District Control

□ In the **New Course Number Length** field, select a course number length longer than the current **Maximum Course Number Length**.

□ In the **Zero Pad Left or Right** field, select whether the new course numbers will have extra zeros at the beginning (left) or end (right) of the original course numbers.

Click Save.

A crosswalk table of course numbers and proxies is created. These are displayed on the next two tabs.

**Note**: While the **Commit Crs Change** button is now available, you should first make any changes to course numbers and proxies at this point. If you do not need to change any course numbers or proxies, you can skip ahead to the Commit Course Changes section.

#### **Change Course Numbers and Proxies, If Necessary**

Use the Courses and Proxies tabs to make any changes to the individual course numbers and proxies, if necessary.
