# ASCENDER Registration - Enroll or Re-Enroll a Student

This guide covers the steps for enrolling a new student in the district using the ASCENDER Registration application, as well as re-enrolling a student who was previously enrolled in the district.

For information on registering a student who enrolled via ASCENDER ParentPortal online student enrollment, see the ASCENDER Registration - Register Students From ParentPortal Online Enrollment guide.

## Prerequisites

❑ This guide assumes you are familiar with the basic features of the ASCENDER Student system and have reviewed the ASCENDER Student Overview guide.

❑ You must be a registered ASCENDER user and have rights to access the campus on which you are registering the student.

❑ For more detailed information about individual fields, see online Help in the ASCENDER Student system.

❑ This guide is based on ???????

## Checklist Overview

The following steps are covered in this guide:

❑ Enroll a student who has never been enrolled in the district:

- Create a student record.
- Add a student demographic data.

❑ Re-enroll a student from an historical record.

❑ Enroll the student in special programs.

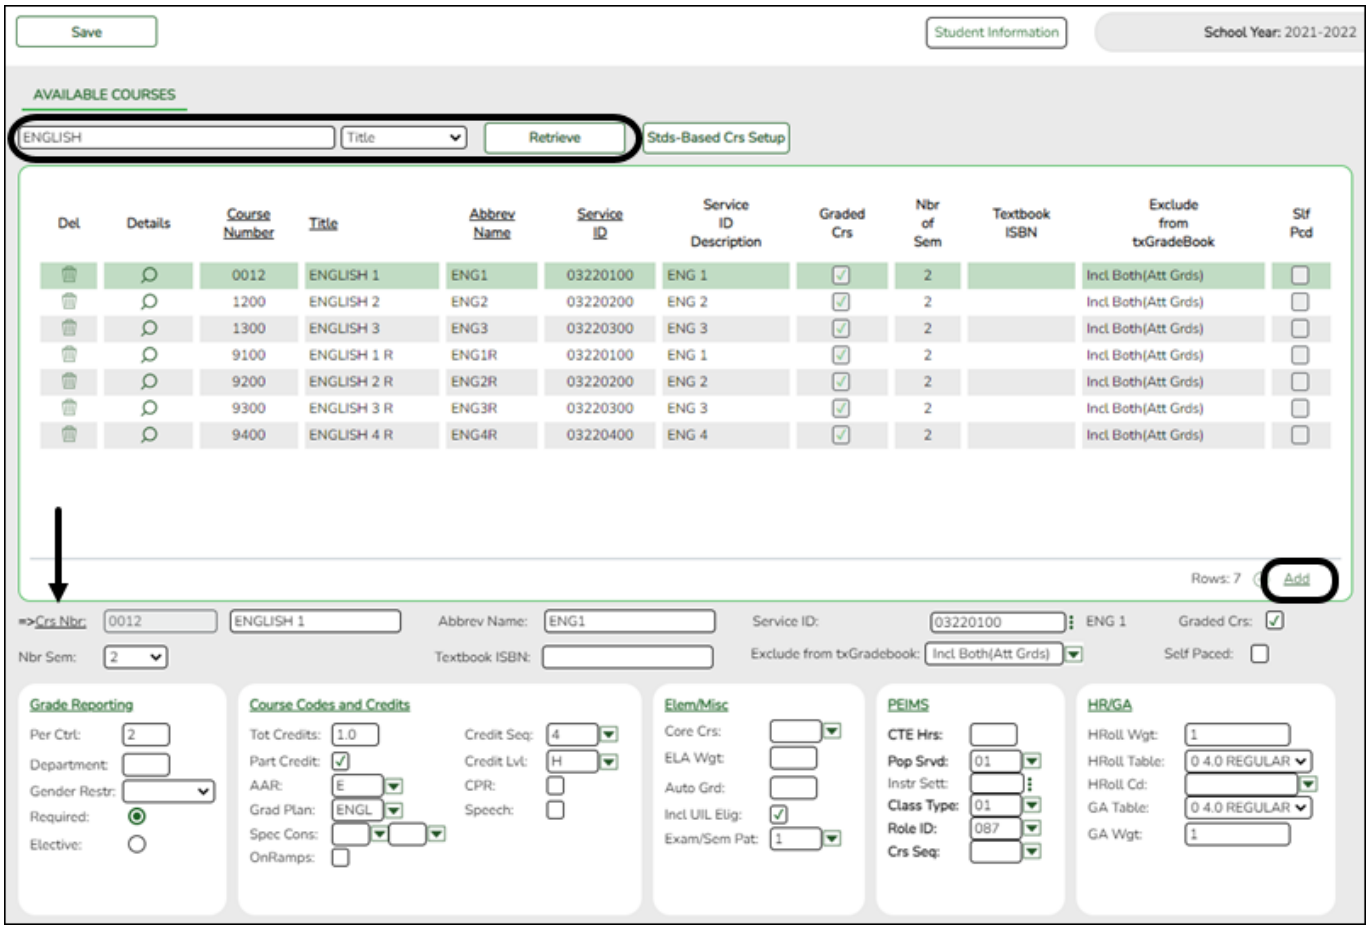

# Confirm Course in District Master Schedule

District Level

Before proceeding, confirm that any courses you wish to add to the campus master schedule exist in the district master schedule. Only courses in the district master schedule can be added to the campus master schedule.

The district master schedule can only be updated by staff who have been granted maintenance access to this page.

***Grade Reporting > Maintenance > Master Schedule > District Schedule***

❑ Search for the course by course number, title, abbreviated name, or service ID:

• Select the field by which you want to search for courses.

• Type all or part of the search phrase.

- If you search by course number, title, or service ID, the search retrieves courses that *begin* with the characters or numbers you typed. For example, if you select *Title, type 'eng'* to retrieve all courses with a title that start with Eng.
- For *Course Number*, you must include leading zeros.
- If you search by abbreviated name, the search retrieves courses that contain the characters you

typed. For example, type ‘math’ to retrieve all abbreviated names that contain the letters math, such as AP MATH.

- Leave blank to retrieve all courses.

• Click **Retrieve**.

A list of courses that meet the specified criteria is displayed. **Confirm that the course is listed in the district master schedule**.

- You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.
- If more courses are retrieved than can be displayed on one page, you can page through the list. Pagination is only available if more courses are retrieved than can be displayed on one page. See online Help for assistance.

❑ If a course needs to be added, click **+Add**. The fields are displayed below the grid allowing you to add a course record.

❑ In the **Crs Nbr** field and the field next to it, type an unused four- to eight-digit course number and the course title (up to 15 characters). Enter all other necessary data for the course. See online Help for assistance with these fields.

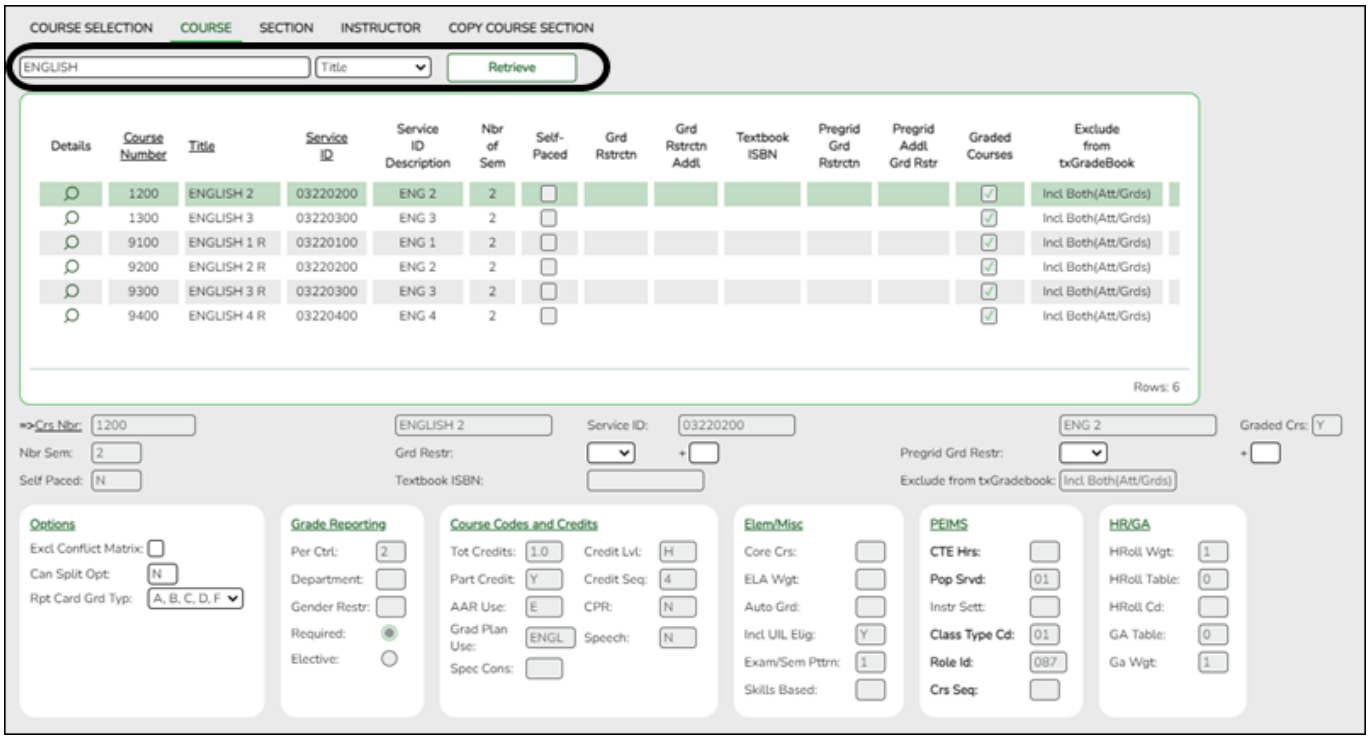

❑ Click **Save**.

## Confirm Course in Campus Master Schedule

Campus Level

The campus master schedule includes all courses that can be offered at the campus. A student can only be scheduled into courses that exist in the master schedule at the campus she is enrolled in.

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Course***

❑ Search for the course by course number, title, abbreviated name, or service ID:

• Select the field by which you want to search for courses.

• Type all or part of the search phrase.

  - The search retrieves courses that *begin* with the characters or numbers you typed. For example, if you select *Title, type 'eng'* to retrieve all courses with a title that start with Eng.
  - For *Course Number*, you must include leading zeros.
  - Leave blank to retrieve all courses.

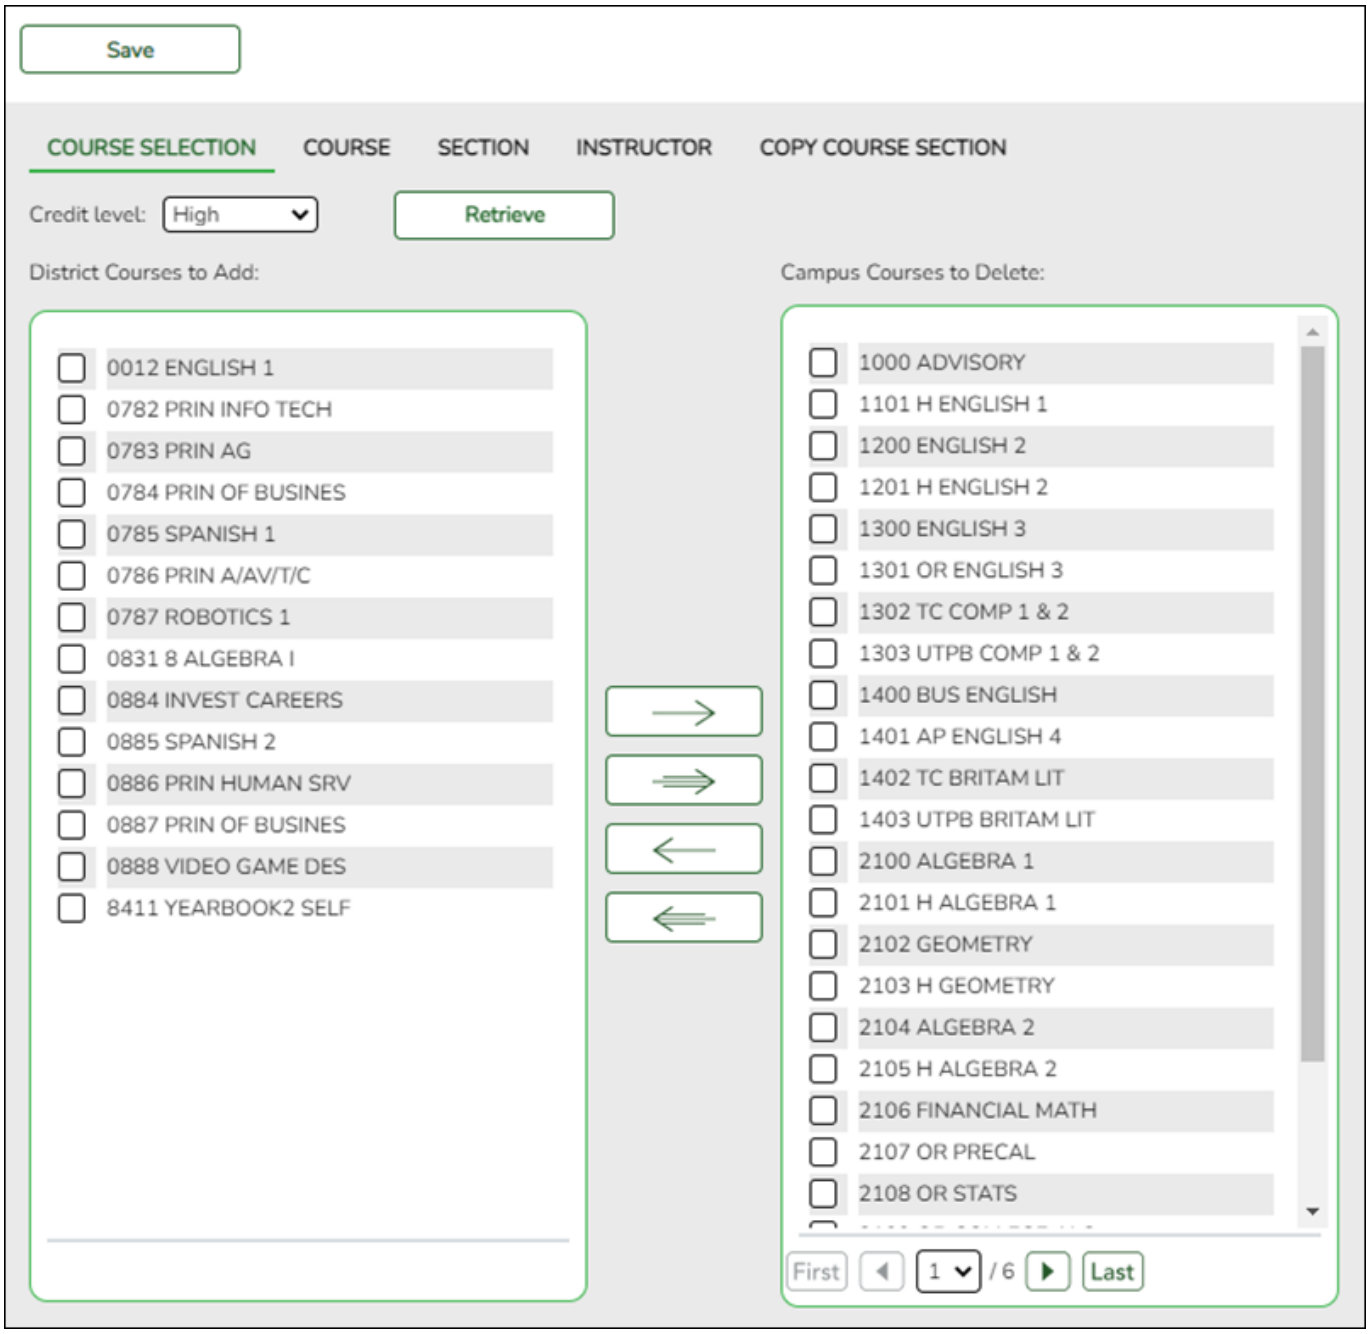

• Click **Retrieve**.

A list of courses that meet the specified criteria is displayed. **Confirm that the course is listed in the campus master schedule**.

  - You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.
  - If more courses are retrieved than can be displayed on one page, you can page through the list. Pagination is only available if more courses are retrieved than can be displayed on one page. See online Help for assistance.

If the course is not in the campus master schedule, it must be added using the Course Selection tab as described next.

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Course Selection***

❑ Select the **Credit Level** and click **Retrieve**.

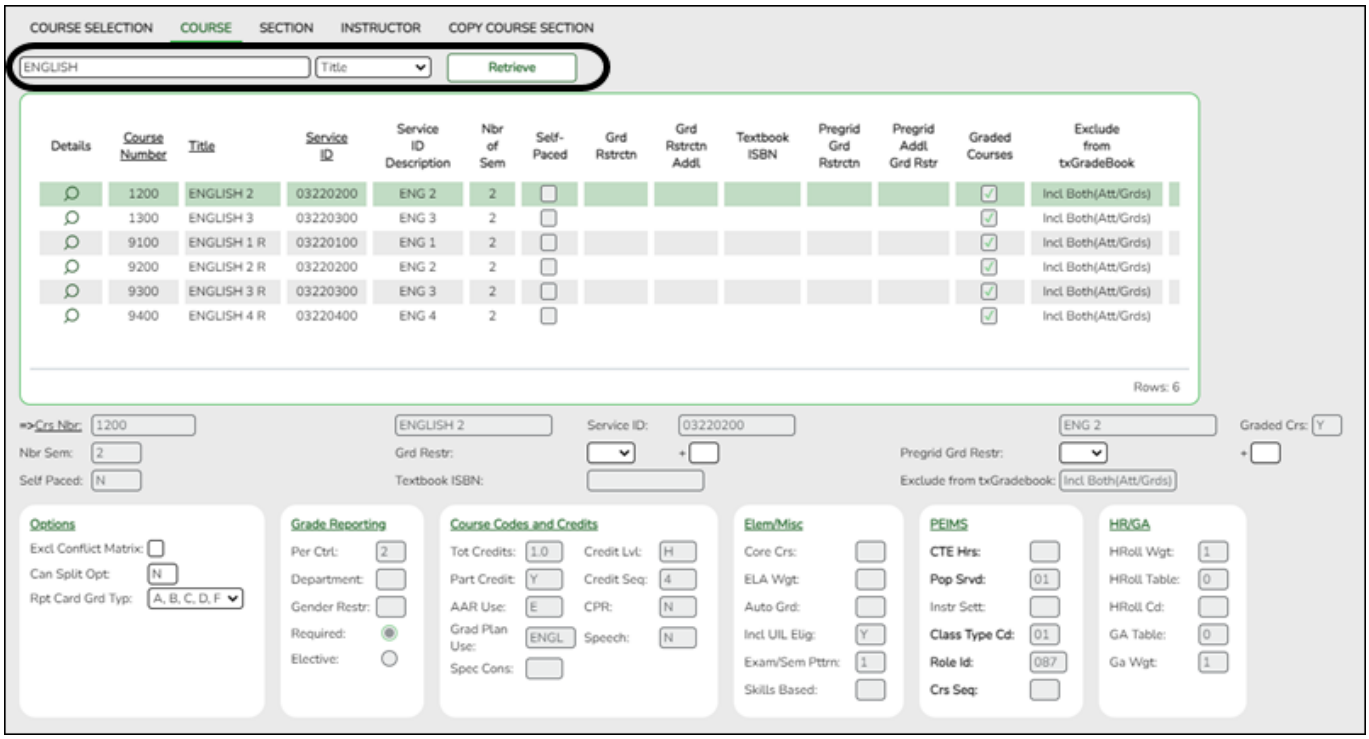

All courses in the district master schedule are listed under **District Courses to Add** (left grid), except for courses that have already been selected for the campus master schedule.

❑ Select the course(s) in the left grid that need to be added to the campus master schedule.

❑ Click **->** to add the selected course(s) to the campus master schedule. The course(s) move to the right grid.

❑ Click **Save**. You should now be able to retrieve those courses on the Course tab as described next.

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Course***

❑ Retrieve the course by course number, title, or service ID as described previously.

❑ Click on the spyglass to select the course. The fields below the grid are populated with data copied from the district master schedule.

❑ Some fields can be modified at the campus level. Modify these fields if necessary. See online Help for assistance with these fields.

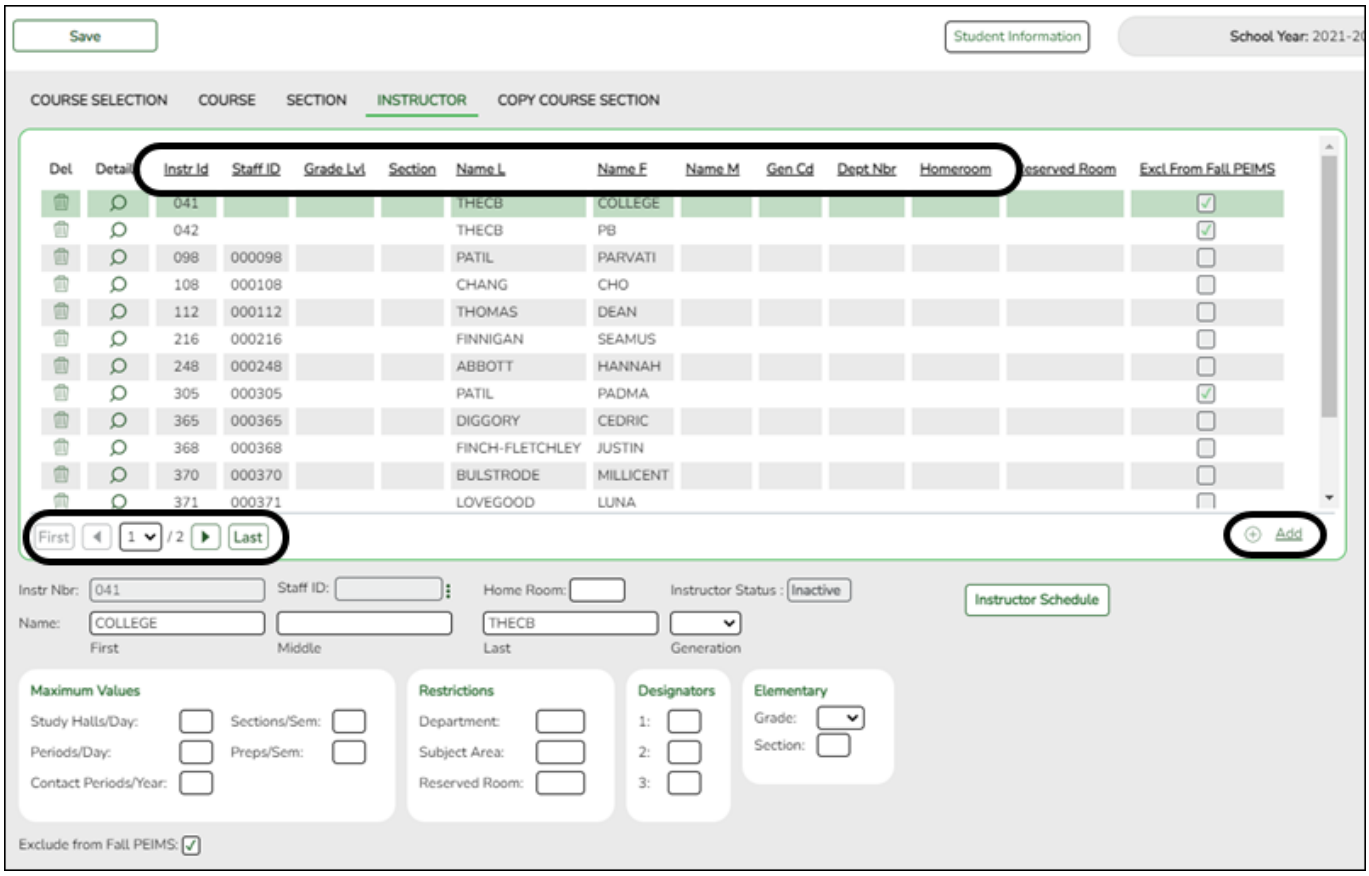

❑ Click **Save**.

## Confirm Instructor at Campus

Instructor

Confirm that the instructor who will be teaching any new course is properly set up in the campus master schedule. The instructor must be listed on this tab in order to be assigned to a course-section in the campus master schedule.

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Instructor***

❑ Locate the instructor.

• You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.

• If more instructors are retrieved than can be displayed on one page, you can page through the list. See online Help for assistance.

❑ If the instructor is not found on this tab, add the instructor.

**Note**: These employees must already be entered in the Human Resources application in order to populate the **Staff ID** field lookup. The **Name** fields are automatically populated when the **Staff ID** is selected.

If the employee is not already added in HR, you can assign a temporary staff ID as described in online Help.

• Click **+Add**.

• In the **Instr Nbr** field, type an unused instructor ID (i.e., control number).

• Enter all required data for each employee. See online Help for assistance with the fields.

• Click **Save**.

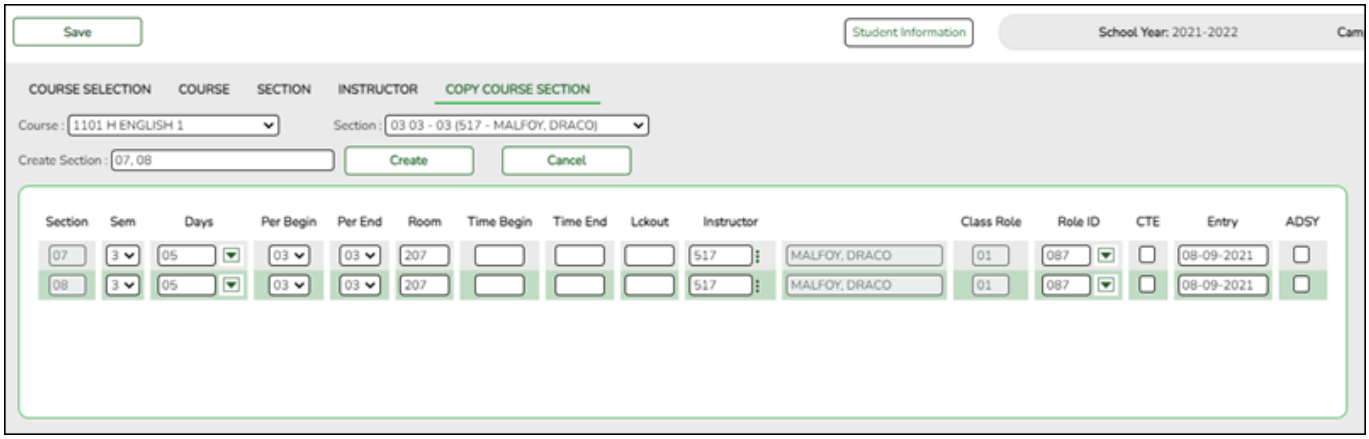

## Create New Course-Sections

Create Course-Section

If you need to add a new section to a course that is already offered at the campus, you can copy an existing section of that course. Otherwise, you can add section records from scratch.

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Copy Course Section***

This tab allows you to create new sections for a course by copying an existing section of that course.

❑ Select the course and section from which to copy data.

❑ In the **Create Section** field, type the new section number(s). Separate multiple section numbers with a comma (e.g., 04,05,06).

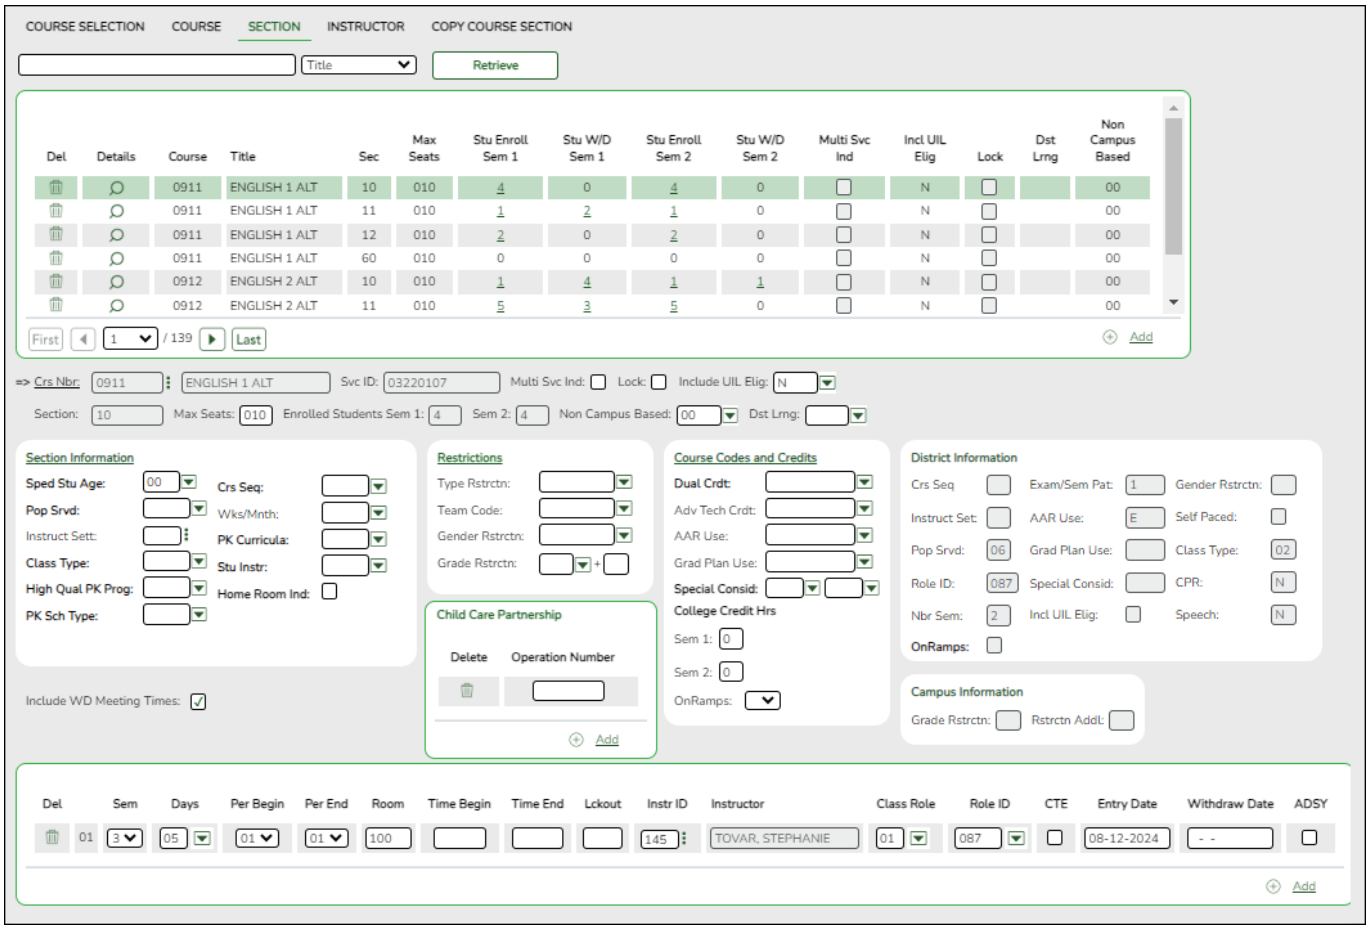

❑ Click **Create**. The grid is populated with the data for the new section(s).

❑ Update the data for the new section(s) as needed. See online Help for assistance with the fields.

❑ Click **Save**.
Once a section is created, it can be updated on the Section tab as described next.

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section***

This tab allows you to create new sections of a course or edit existing sections.

❑ Search for the course by course number, title, or instructor:

• Select the field by which you want to search for courses.

• Type all or part of the search phrase.

- The search retrieves courses that *begin* with the characters or numbers you typed. For example, if you selected *Course Number*, type 101 to retrieve all course numbers that start with 101.
- For *Course Number*, you must include leading zeros.
- For instructor, begin typing the instructor's last name or control number. A drop-down list displays instructors whose last name begins with the characters you typed. Select the instructor.
- Leave blank to retrieve all courses.

• Click **Retrieve**.

A list of courses that meet the specified criteria is displayed in the upper grid.

If more course-sections are retrieved than can be displayed on one page, you can page through the list. Pagination is only available if more course-sections are retrieved than can be displayed on one page. See online Help for assistance.

**Note**: Courses that do not have any sections (i.e., new courses) are not listed.

❑ If the course has existing sections, the sections are listed. You can add a new section:

• Click **+Add** in the upper grid to add a section. The fields below the grid are enabled allowing you to add a section of the course.

• In the **Crs Nbr** and **Section** fields, type the course number and new section number. Add or update all other fields as needed, including meeting time data in the bottom grid. See online Help for assistance with these fields.

• Click **Save**. The new section will now be displayed in the upper grid.

❑ If the course has no existing sections, the course cannot be retrieved using the **Retrieve** button. You must add one or more sections:

• Click **+Add** in the upper grid to add a course-section.

• In the **Crs Nbr** fields, click on the ellipsis to select the course. The course title and service ID are displayed.

• In the **Section** field, type the new section number.

• Add all other data as needed, including meeting time data in the bottom grid. See online Help for assistance with these fields.

• Click **Save**. The new course-section will now be displayed in the upper grid.

❑ To edit an existing section, click on the spyglass in the upper grid to select the course-section. The fields below the grid are populated with existing data. Update as needed and click **Save**.

## Delete a Course

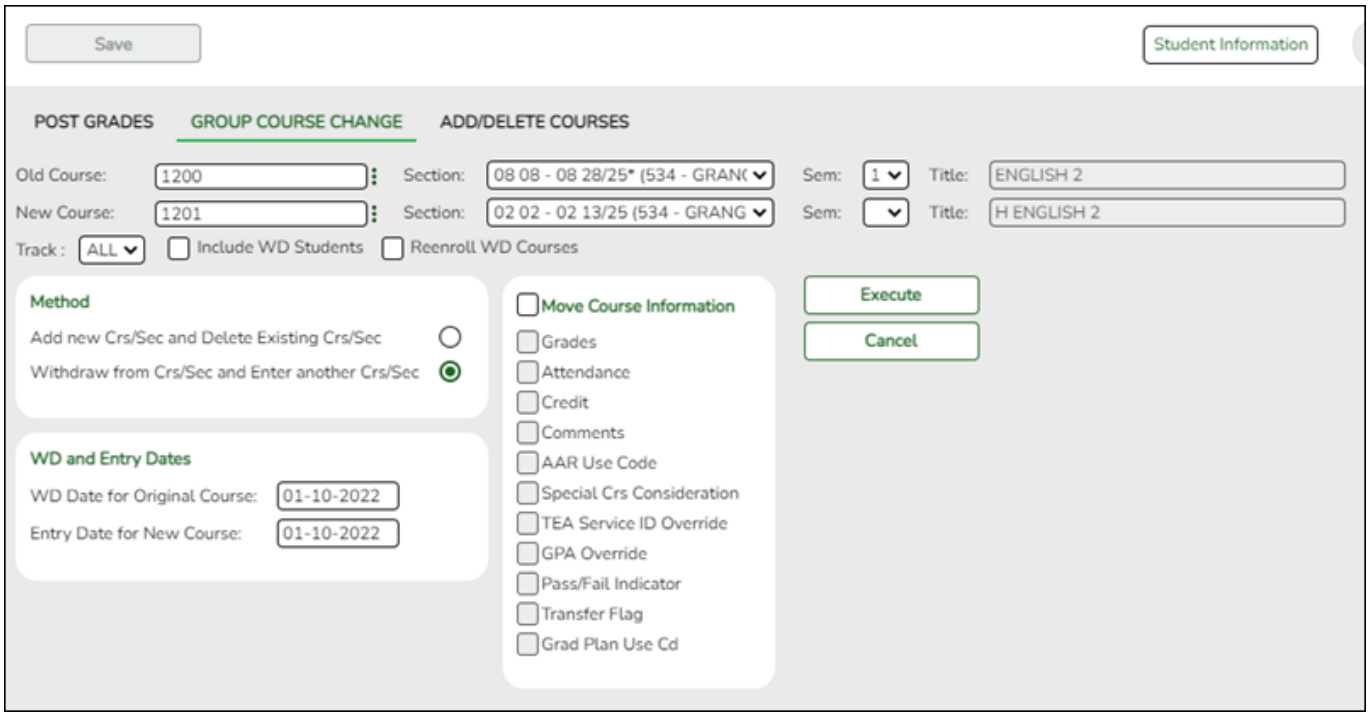

Delete Course

To delete a course, all students must be removed from all sections of the course. Then the sections can be deleted, and then the course can be deleted from the campus master schedule and then the district master schedule.

### Remove Students from a Course-Section

***Grade Reporting > Maintenance > Student > Group Maint > Group Course Change***

This tab allows you to transfer all students who are currently enrolled in one course-section to another course-section.

❑ In the **Old** fields, select the course, section, and semester to remove students from.

❑ In the **New** fields, select the course, section, and semester to move these students to.

❑ Be sure to select **Include WD Students** to include any students who withdrew from the campus. If these students are not transferred out of the **Old** course-section, this will prevent you from deleting the section.

❑ Under **Method**, select **Add new Crs/Sec and Delete Existing Crs/Sec**. This will cause the section to be deleted once all students are moved to the **New** course-section.

❑ Under **WD and Entry Dates**, enter the **Entry Date for New Course** for the **New** course-section.

❑ Select any course information that should be moved if applicable.

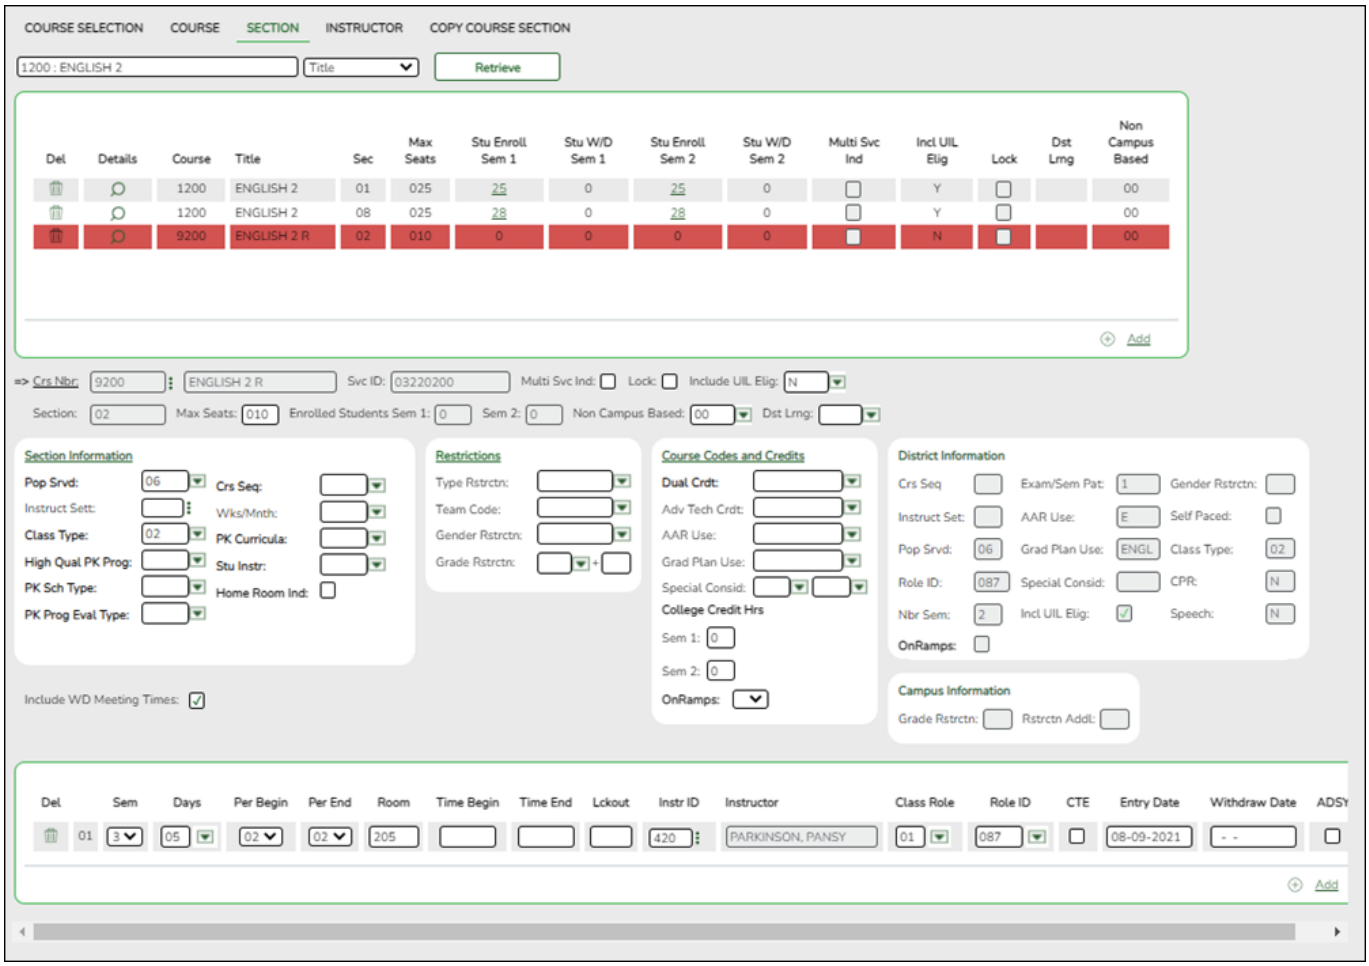

❑ Click **Execute**. A report is generated showing the results of the change.

❑ The **Save** button is disabled and not used on this page.

### Delete Course-Sections

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section***

If no students are enrolled in a course-section, the section can be deleted.

**Note**: Be aware that any students who withdrew from the campus must also be withdrawn from the section.

❑ Retrieve the course as described previously. All existing sections are listed in the top grid.

❑ In the top grid, click the trashcan to select the section to be deleted. Sections must be deleted one at a time.

❑ Click **Save**.
You are prompted to confirm that you want to permanently delete the course-section. Click **Yes**.

❑ Repeat for all remaining sections of the course.

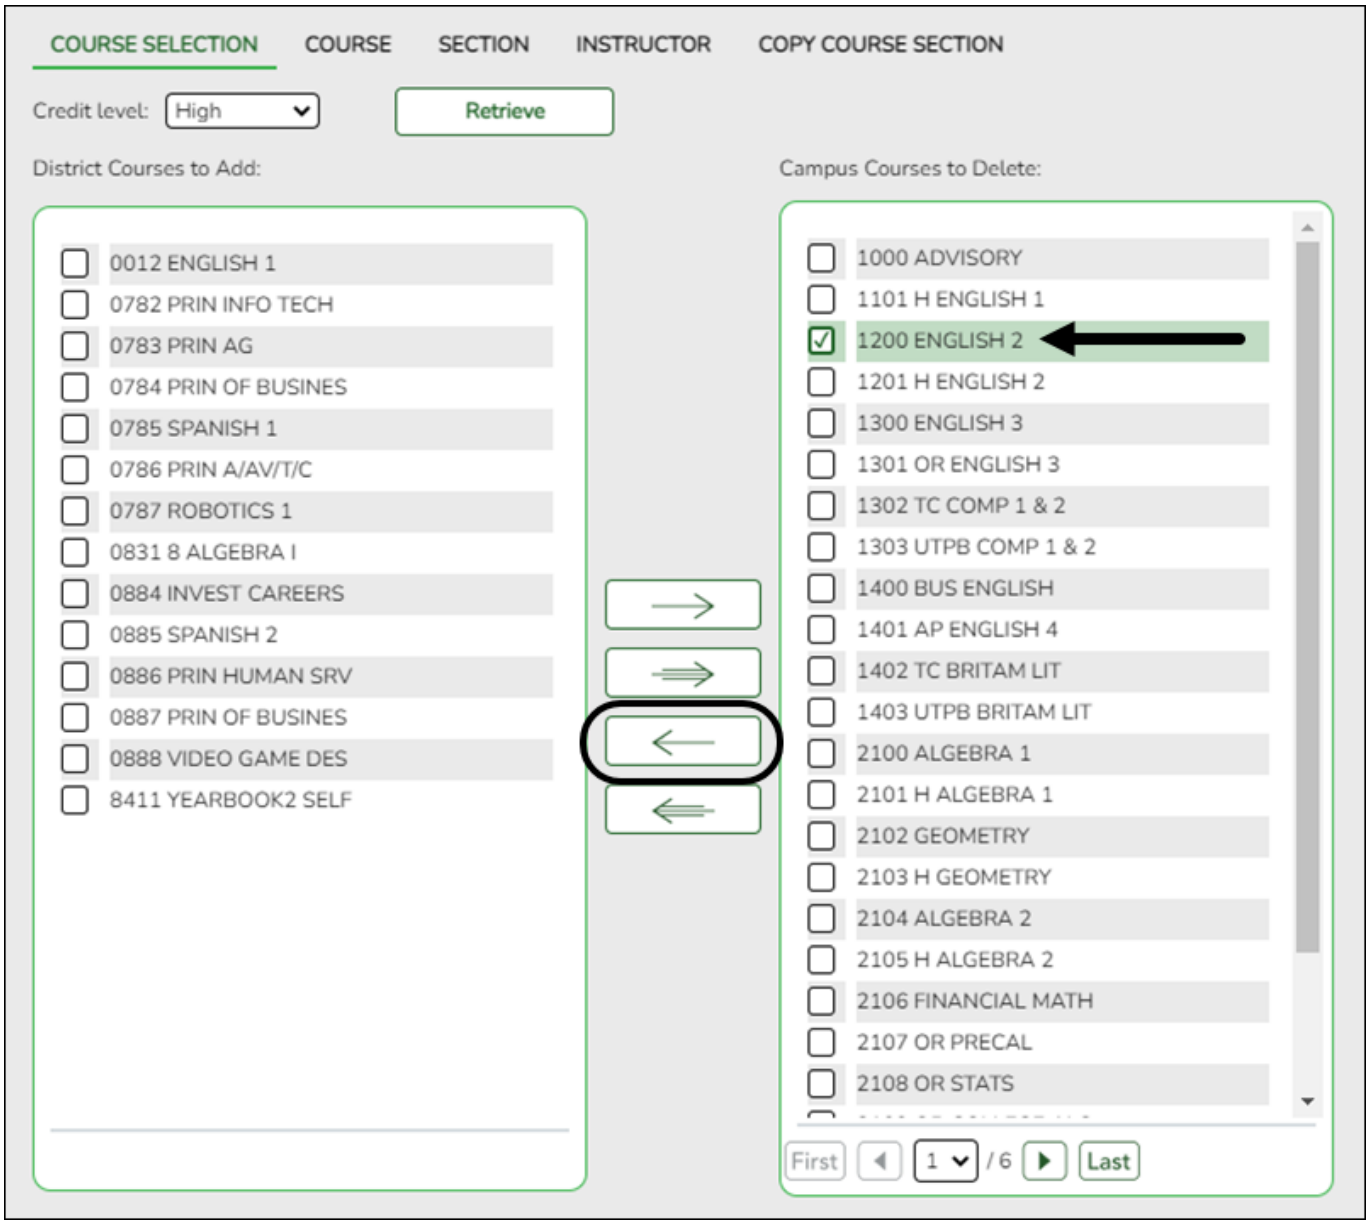

### Delete the Course

If a course has no sections, it can be removed from the campus master schedule. If a course is not included in any campus master schedules, it can be removed from the district master schedule.

***Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Course***

### *Selection*

This tab allows you to remove a course from the campus master schedule.

❑ Select the **Credit Level** and click **Retrieve.**

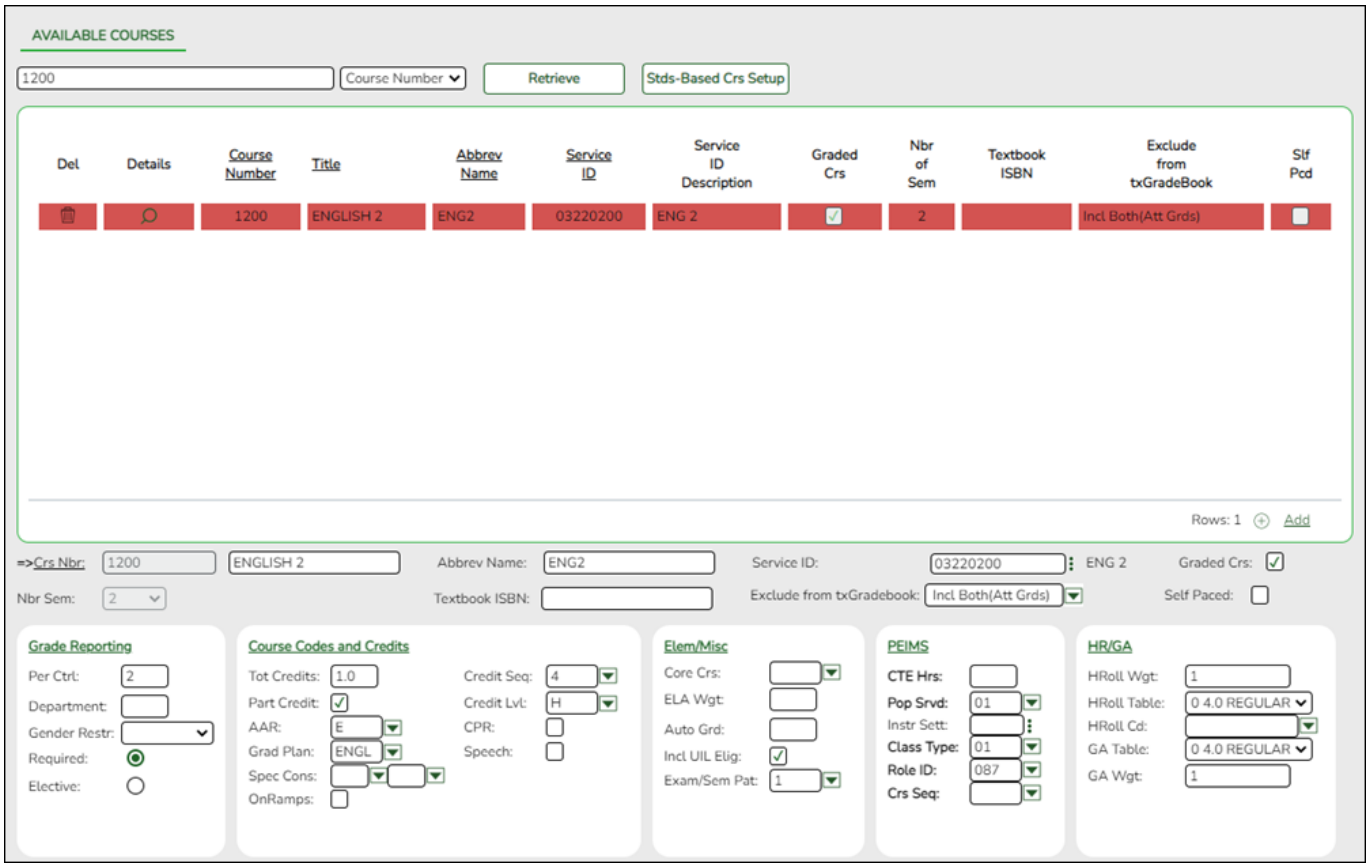

❑ In the right grid, all courses in the current year campus master schedule are listed. Locate and select the course to be removed.

❑ Click **←-** to remove the selected course. It is moved to the district master schedule list (left grid).

❑ Click **Save**.

### *Grade Reporting > Maintenance > Master Schedule > District Schedule*

The page allows you to delete a course from the district master schedule.

❑ Retrieve the course.

❑ Click the trashcan for the course to be deleted.

❑ Click **Save**.
You are prompted to confirm that you wish to delete the course. Click **Yes**.

## Conclusion

Conclusion

Once a course-section is added to the campus master schedule, students can be scheduled into the course. See the ASCENDER Grade Reporting - Schedule Students in the Current School Year “How To” guide for more information.
