# ASCENDER Test Scores - Import Assessments

This process involves retrieving a file from Cambium Assessment, Inc. (CAI) and uploading it into the ASCENDER Test Scores application. Importing assessment scores into the ASCENDER Test Scores application has the major benefit of subsequently displaying this data on AARs, Personal Graduation Plans, and in TREx files. These few simple steps provide assessment data in all necessary applications.

## Prerequisites

- ☐ You must have credentials to log into Cambium and have ordered assessment reports.
- ☐ This guide assumes you are familiar with the basic features of the ASCENDER Student system and have reviewed the ASCENDER Student Overview guide.
- ☐ For more detailed information about individual fields, please see the online Help in the ASCENDER Student system.

## Quick Checklist

- ☐ Download files from Cambium.
- ☐ Import the files into the ASCENDER Test Scores application.

## Import Assessments into Test Scores

You are able to import test scores from XXX using the Import Test Scores utility.

## Download Files From Cambium

Access and download your Texas assessment files from Cambium.

- ☐ Go to *texasassessment.gov* and from the top menu, click on **Testing Personnel**.

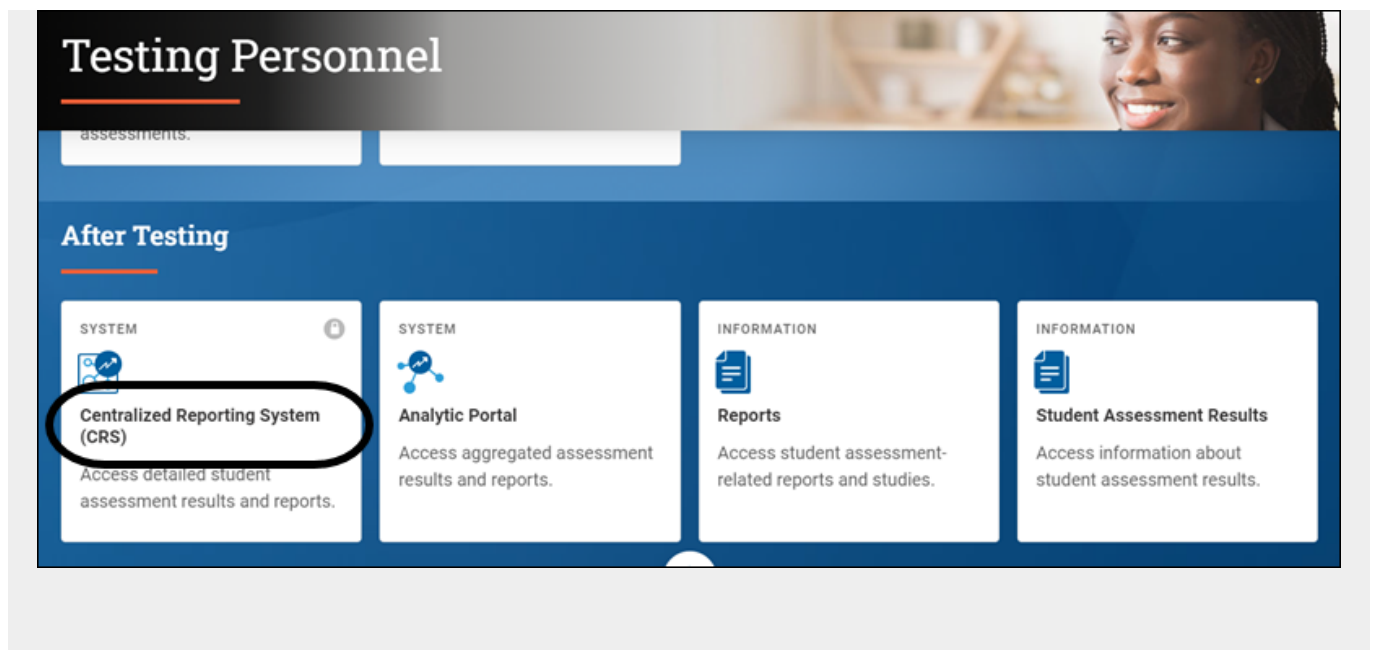

The screenshot shows the TEA Texas Assessment website. The navigation bar includes links for Home, Students and Families, Testing Personnel, Assessment Programs, and Resources. A red arrow points to the Testing Personnel link. The language selector is set to 'En español'. The main heading is 'Learn More About Texas Assessments'. Below it, the 'View Your Child's Test Results' section features a 'Family Portal' login form. The form includes a 'Unique Student Access Code' field (labeled '6-Character Unique Code'), a 'Date of Birth' section with dropdowns for Month, Day, and Year, and a 'Sign On' button. Links for 'More Login Information' and 'More Support' are also present. At the bottom, a 'Browse by User' section lists 'Students and Families', 'Testing Personnel', and 'Educators'.

**NOTE:** Depending on how you want to receive the assessment file, select *Prepare for Testing > Test Information Distribution Engine (TIDE)*.

The screenshot shows the 'Testing Personnel' dashboard. The main heading is 'Testing Personnel'. Below it, the 'Prepare for Testing' section is highlighted with a star icon. This section contains four tiles:

- Test Information Distribution Engine (TIDE)** (SYSTEM): Manage students and users for testing and reporting, order test materials, and track student participation. This tile is circled in black.
- Learning Management System** (SYSTEM): Access trainings on the Texas Assessment Program.
- Practice and Released Tests** (INFORMATION): Access practice and released tests to become familiar with question types and the online testing environment.
- Texas Formative Assessment Resource (TFAR)** (SYSTEM): Create items, build tests and share content with others.

or, select *After Testing > Centralized Reporting System (CRS)*

☐ You will be directed to the dashboard for the application you selected:

**TIDE:**

or, **CRS:**

The file for importing test results into ASCENDER and other third party systems will automatically be generated by Cambium and will be sent to the District Test Coordinator's Inbox within Cambium.

☐ Click on the **Inbox** to acquire test score files. (The screenshot below is from CRS - Centralized Reporting System.)

**NOTE:** Do not click on the **Download Student Results** button as this will not produce the correct file format required by TEA. Users are not able to create the file ASCENDER needs for import. It must be created for the district by Cambium.

## Import the File Into the ASCENDER Test Scores Application

The Import Test Scores utility in the ASCENDER Test Scores application allows you to import your DAT assessment files.

**Test Scores > Utilities > Import Test Scores**

☐ Select the type of test you would like to import.
