Certain next-year data must be entered and verified before running ASDR.

1. [Enter next year attendance campus options.](#)

Before running ASDR, the next year attendance options must be set for each track at each campus in the district. The information is used when creating student records for the next school year.

**HELPFUL TIPS:**

- Print out current year options on [Attendance > Maintenance > Campus > Campus Options](#) to assist you in entering next year options.
- Review [Attendance > Maintenance > Campus > Copy Calendar](#) to review which tracks need to be created on the next year Campus Options page.

**IMPORTANT:**

The **Grading Cycle Type** field must be the same for all tracks at the same campus.

Only special programs selected under **Special Programs** will be created in the next school year.

The **Type Kindergarten** field is used during ASDR to set ADA eligibility code.

Under **Calendar Operational/Instructional Minutes:**

For 2018-2019 school year and later, the heading and fields displayed vary according to the **Instructional Program Type** associated with the selected **Track**:

- If the selected track is associated with **Instructional Program Type** 01, 02, or 14, the heading is **Calendar Operational Minutes**.
- If the selected track is associated with **Instructional Program Type** 04-12, or blank, or 15 or 16 for ADSY, the heading is **Calendar Instructional Minutes**.
- Prior to the 2018-2019 school year, **Instructional Program Type** is not available. The

heading is **Calendar Minutes**.

Refer to the [TEA Student Attendance Accounting Handbook \(SAAH\)](#) for assistance.

#### **Calendar Operational Minutes:**

<b>Daily Minutes</b>	<p>Type the number of operational minutes per day for the campus. This is the minutes that a campus operated on a particular school day for the purpose of student instruction.</p> <p>This value is determined by the LEA. You must enter this value even if it is the same as the TEA requirement.</p> <p>TWEDS Data Element: SchoolDayOperationalMinutes (E1571)</p>
<b>Shortened Daily Minutes</b>	<p>Type the number of minutes of instruction per day for the campus on a shortened school day.</p> <p>This value is determined by the LEA. You must enter this value even if it is the same as the TEA requirement.</p>

#### **Calendar Instructional Minutes:**

<b>Daily Minutes</b>	<p>Type the number of minutes of instruction per day, as required by the TEA.</p> <p>Refer to the <a href="#">TEA Student Attendance Accounting Handbook (SAAH)</a> for TEA requirements and any applicable exceptions.</p> <p>TWEDS Data Element: SchoolDayInstructionalMinutes (E1599)</p>
<b>Shortened Daily Minutes</b>	<p>Type the minimum number of minutes per day for a shortened school day (e.g., early release/late arrival dates), as required by the TEA.</p> <p>Refer to the <a href="#">TEA Student Attendance Accounting Handbook (SAAH)</a> for TEA requirements and any applicable exceptions.</p>

When these values are saved, the values are used to populate the campus calendar.

#### Under **Alternate Days:**

This section is used if the campus has more than one period that is used for ADA period, such as for A-Day/B-Day schedules.

For example, the A-Day schedule may take ADA attendance during period 02, and the B-Day schedule may take ADA attendance during period 05.

For both days, an additional period must be created that is the same for both A-Day and B-Day. This must be a period when no students are scheduled. For example, if the campus has classes during periods 01-08, then period 09 could be used as the extra ADA period. This “extra” period must be the same for both A-Day and B-Day. Be sure this extra period is included in the **1st Period Nbr** and **Last Period Nbr** fields.

When attendance is posted to either ADA posting period (e.g., 02 or 05), it is *also* posted to the extra period (e.g., 09).

**NOTE:** All tracks at the same campus must have the same “extra” ADA posting period. For example, if the campus creates period 09 as the extra period, then period 09 must be used for all tracks.

<b>Code</b>	Click <b>+Add</b> or press ALT+1 to add a code. A blank row is added to the <b>Code</b> grid.	
	<b>Code</b>	Type the one-character code to use for the pattern. For example, type A or B if you use A-Day and B-Day schedules.  You must create a code for each pattern. For example, create code A and code B.
		Click to select a code for which to add a pattern. A row is added to the <b>Pattern</b> grid allowing you to add a pattern for that code.
		Delete the code if needed.
<b>Pattern</b>	Click <b>+Add</b> or press ALT+1 to indicate the ADA period for the selected code. A blank row is added to the <b>Pattern</b> grid.  You must enter two pattern rows for each <b>Code</b> : <ul style="list-style-type: none"> <li>• Add a row with the ADA period when attendance is taken (e.g., 02 or 05).</li> <li>• Add a row with the “extra” ADA posting period (e.g., 09).</li> </ul> <b>IMPORTANT:</b> The “extra” ADA posting period must be the same for all codes, and it must be the same for all tracks at the campus. This period must also be entered in the <b>ADA Posting Period</b> field.	
	<b>Pattern</b>	Type the two-digit ADA period.
		Delete the pattern for that code if needed.

**NOTE:** When using ALT+1 to add a row, you must press the 1 key on the keyboard, not the 1 key on the numeric keypad.

**IMPORTANT!** Be sure all tracks have the same ADA posting period for TeacherPortal:

On [Attendance > Maintenance > TeacherPortal Options > Campus Options](#), set the **A/B Day: Period ADA Attendance Taken** fields to the periods when attendance is posted (e.g., 02 and 05).

Click **Save**.

2. [Enter next year attendance calendar](#).

The next year campus calendar must be set for each track at each campus in the district. If a track is used by more than one campus, you can use the Next Year Copy Calendar page to copy the calendar to other tracks.

**Be sure you are updating the next year page; look for “Next Year” in the breadcrumbs.**

**IMPORTANT:** Do not delete or change any current year attendance calendars. The current year calendars will become the historical attendance calendars. After running ASDR, you will have access to the historical information, so the current year calendars should be maintained as they were during the school year.

<b>Yearly Total Mins(DM+WM):</b>					<b>218</b>

Warning! Yearly Total Mins (DM+WM) must meet TEA guideline about minutes of operation.

<b>Rptng Period</b>	Reporting periods for the campus are listed.
<b>Mem Days</b>	The number of membership days for each cycle is calculated and displayed.  TWEDS Data Element: NUMBER-DAYS-TAUGHT (E0935)
<b>Shrtnd Mem Waiver Days</b>	The number of shortened membership waiver days for each cycle is calculated and displayed.
<b>Non Mem Waiver Days</b>	The number of non-membership waiver days for each cycle is calculated and displayed.
<b>Daily Mins (DM)</b>	The total number of instructional minutes for the cycle is calculated and displayed.
<b>Waiver Mins (WM)</b>	The total number of waiver minutes for the cycle is calculated and displayed.
<b>Yearly Total Mins (DM+WM):</b>	The total is calculated by adding the total number of daily minutes plus the total number of waiver minutes for the year.  This value cannot be less than the state-mandated requirement of 75,600, except in rare circumstances. Under no circumstances can the total minutes be less than 71,400.

As you adjust membership minutes, the **Daily Mins (DM)**, **Waiver Mins (WM)**, and **Yearly Total Mins (DM+WM)** fields (below the legend) change accordingly.

When you apply a Day Type requiring minute adjustments to a valid membership date, a pop-up window provides options for adjusting minutes. The pop-up windows vary according to the adjustment you clicked:

**Adjust Minutes**

The Adjust Minutes type can be used when the daily minutes need to be extended or shortened.

**An Adjusted Minutes day is a membership day.**

**NOTE:** For the 2020-2021 school year, use **Adjust Minutes** for early release because shortened waiver days are no longer applicable as waiver days.

Select one or more dates on the calendar, and click **Adjust Minutes**.

<b>Type of Min</b>	The field is set to <b>Daily Minutes</b> and cannot be modified.
<b>Min</b>	The <b>Daily Minutes</b> value is displayed by default. Type over existing data with the adjusted number of minutes of instruction on that date.
<b>Event</b>	The field is set to <i>01:Instructional Day</i> and cannot be modified.

Click **OK**.

Click **Save**.

The **Daily Mins (DM)** (cycle total) and **Yearly Total Mins** are automatically adjusted according to the difference between the **Daily Minutes** and the **Min** value entered. Following the previous example, both totals are reduced by 30 minutes ( $450 - 420 = 30$ ) for each adjusted date.

Note that the dates on the calendar are now shaded pink because they are adjusted minutes days. The numbers are black because they are membership days.

Make-up and Weather Day are disabled in the next year calendar.

## Waiver Days

Waivers are used to get credit for minutes lost to legitimate school closures, including Staff Development Days. The **Daily Mins (DM)** for the cycle are decreased by the number of lost minutes, but the **Waiver Mins (WM)** for the cycle are increased for that number of minutes; therefore the **Yearly Total Mins** remains unchanged because it is a zero sum.

**Review the TEA Student Attendance Accounting Handbook (SAAH), Section 3.8 for rules and guidance.**

**NOTE:** For the 2018-2019 school year, use adjust minutes for early release because shortened waiver days are no longer applicable as waiver days.

**Staff Development Waiver Day**

The Staff Development Waivers are used when staff has training. This could include days when students are in attendance.

**NOTE: Effective as of the 2018-2019 school year:**

Staff Development Waiver Days are not allowed before the first day of school or after the last day of school (Rules 10200-0037 and 10200-0038).

Staff Development Waiver Days are allowed on the first or last day of school, as long as there are some instructional minutes on that date.

**For the 2018-2019 school year and beyond, a staff development waiver day *may be* a membership day if there are instructional minutes.**

Select one or more dates on the calendar, and click **Waiver**.

<b>Event</b>	Select <i>01: Staff Development Waiver Day</i> . For the next year calendar, this is the only option available.		
<b>Type of Min</b>	<b>Waiver Minutes</b>	Type the number of waiver minutes needed.	
	<b>Daily Minutes</b>	Type the number of minutes of instruction that will occur on this date.	
	<b>Attendance was taken</b>	Indicate whether the day is operational/instructional or not:

Click **Save**.

- The **Daily Mins (DM)** (cycle total) is decreased by the number of waiver minutes (i.e., **Minimum Daily Minutes**).

- The **Waiver Mins (WM)** (cycle total) is increased by the number of waiver minutes.
- The **Yearly Total Mins** remains the same.

Note that the date on the calendar is now shaded yellow because it is a waiver day. The number is green because it is now an in-service date.

Also, a membership day is removed from the count in the **Mem Days** column for the cycle in which the selected date occurs (if applicable).

Click **Save**.
