ASCENDER Student - Overview Guide

The ASCENDER Student system is a group of web applications that allow you to interact with the database using an Internet browser such as Firefox, Google Chrome, or Safari (Mac only). As the ASCENDER System evolves, the browser versions are updated.

Here are a few tips:

- For adequate viewing, be sure to check your screen resolution settings. The recommended screen resolution setting is 1280×1024.
- It is recommended that you clear your Internet browser's cache each time a release is installed or updated.
- Be sure to access the ASCENDER Browser Settings document for the most current system browser settings information. This document can be found in the online Help.
- If you experience any issues or have questions, please contact your regional Education Service Center

About Release Notes & Known Issues:

As the ASCENDER software programs are modified, release notes are posted at resources.ascendertx.com. An ESC consultant login is required to access the ASCENDER Resources page.

If known issues are identified for a particular release or update, a Known Issues document is also posted.

System Requirements and Browser Settings:

Periodically ensure that your system and browser settings meet the minimum requirements.

For information about system requirements and recommended browser settings, see [ASCENDER Recommended Browser Settings](#).

A link to this document can also be found in the following places:

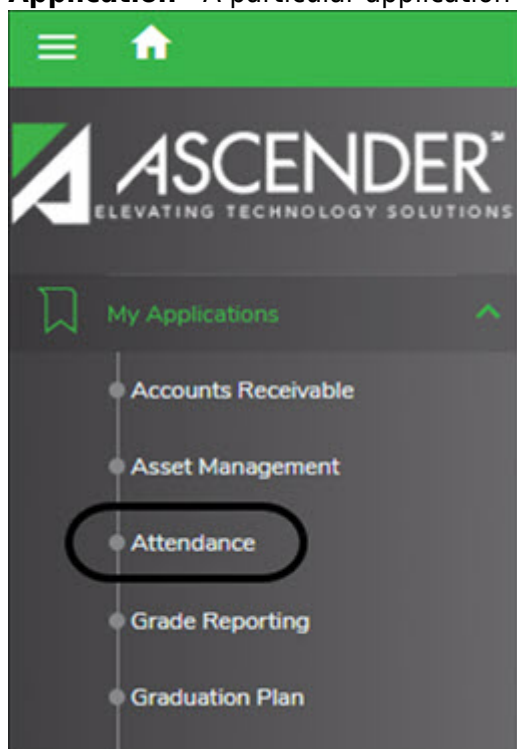

- Contents tab of the ASCENDER online Help system
- System login pages
- [ASCENDER Resources](#)

ASCENDER Software Terminology:

System - The group of applications supporting a broad area of LEA or campus management, or specific group of applications (e.g., Business, Student, State Reporting, OCR, District Administration,

System Administration).

Application - A particular application within a system (e.g., Attendance, Registration).

Page - Selected from a menu or submenu, a page may have multiple tabs, or it may stand alone. A page can have fields, buttons, grids, report parameters, and other features allowing you to accomplish one or more tasks.

Delete	Crs Nbr	Title	Sec Nbr	Sem	Self Pcd	Nbr Sem	Override Max Seats
<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>

Tab - Some pages have multiple tabs allowing you to accomplish tasks that can be logically grouped together.

Password cannot match any of your previous two passwords.

You will be prevented from reusing a previous password.

ASCENDER
ELEVATING TECHNOLOGY SOLUTIONS

Change Password

Your password has expired. Please set a new password below.

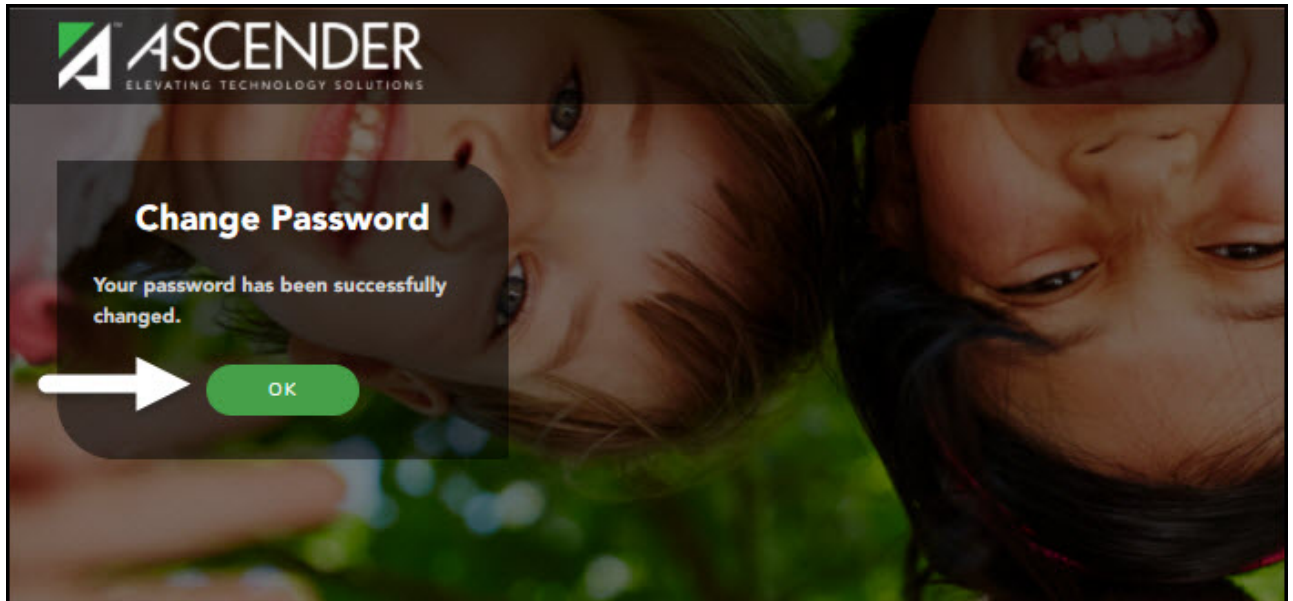

New password:

Confirm new password:

Submit

Password cannot match any of your previous two passwords.

The following page is displayed upon successfully changing your password.

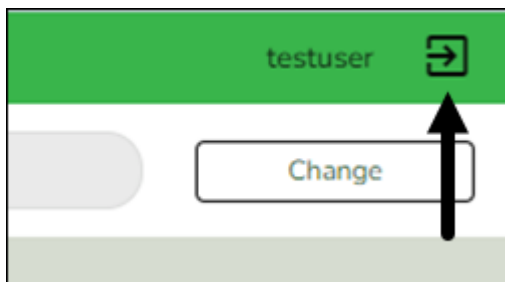

- [Exit & Logout:](#)

It is important to exit and log out properly to ensure that the software functions properly.

Exit Application

To exit any open application, in the top-right corner of each application next to your user name, click .

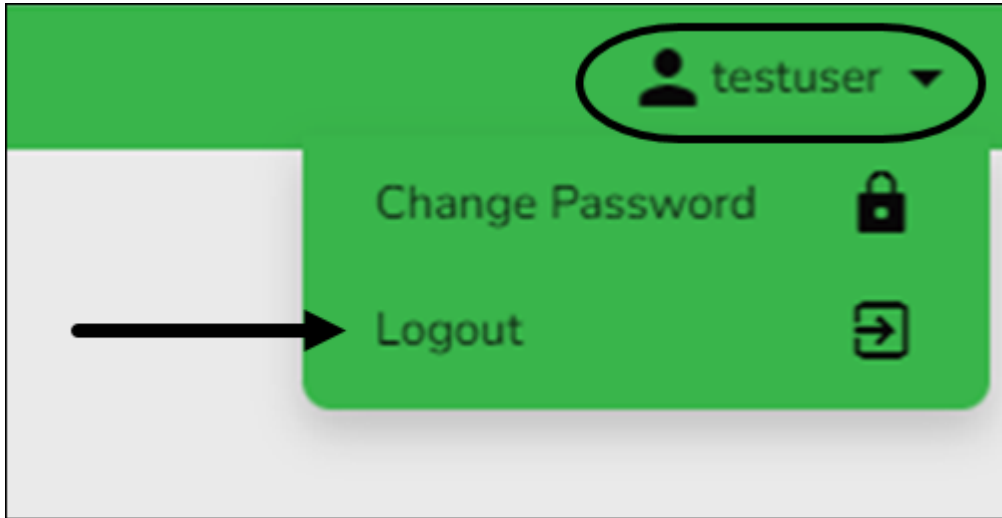

An exit application page is displayed with a message indicating that you have logged out successfully and you may close the browser tab.

Logout

From the ASCENDER homepage, in the top-right corner of the page next to your user name, click  and then click **Logout**.

The Logout page is displayed confirming that you have successfully logged out of ASCENDER.

Click **Back to Login** to return to the ASCENDER Login page.

Incorrect Logout Method

It is important to remember that if you click X on your browser to exit an application or log out of ASCENDER, various issues including table locks in the system can occur. You must contact your technical department for further assistance, which may include disconnecting the connection in Sybase to clear the table locks.

Navigation

- **Applications:**

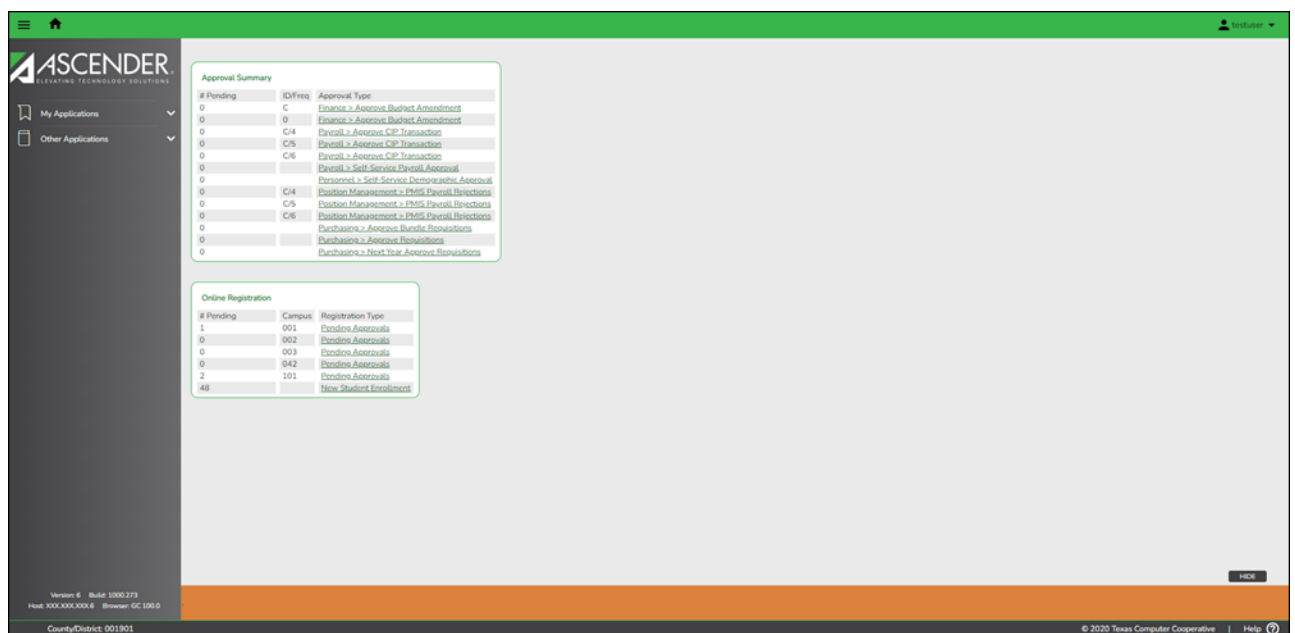

The ASCENDER Home page serves as a personalized dashboard and displays links to all ASCENDER applications that are tied to your user profile.

The main menu is located on the left side of the page. In the upper-left corner, click Change View Icon to collapse the main menu or expand the main menu. This functionality is available on all pages in all applications. And, on some pages must be used for a more favorable view of the actual page.

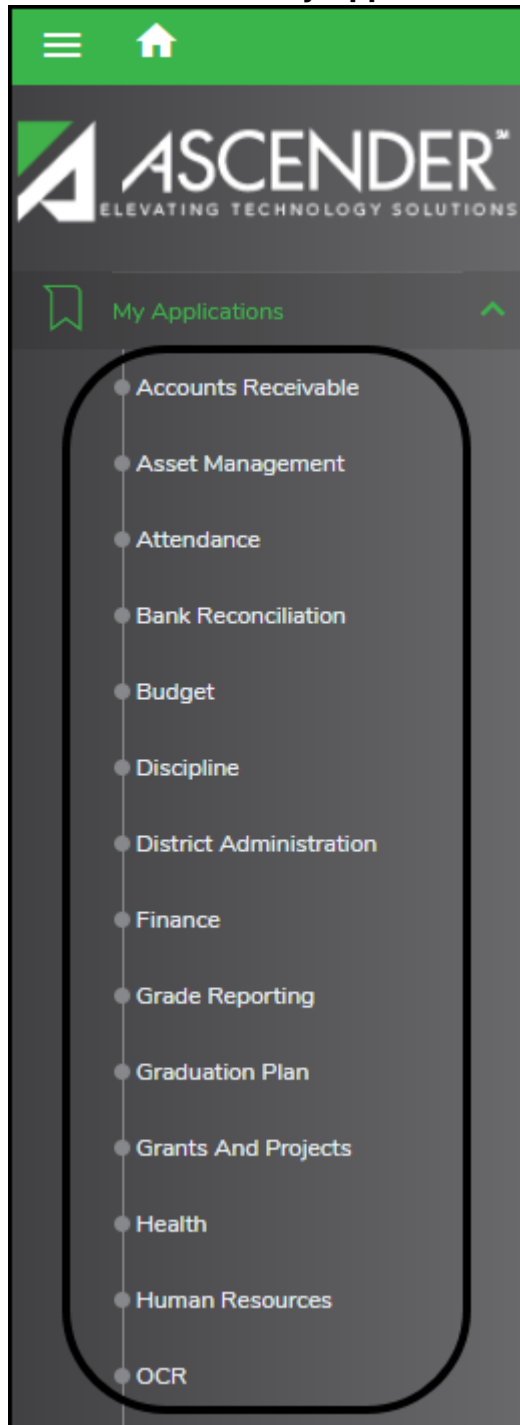

Collapsed view - The main menu is hidden.

Expanded view - The main menu is open.

Depending on your view, click  or **My Applications** to view a list of applications to which

you have rights.

All other applications are listed under **Other Applications**. Click  to view a list of other applications to which you do not have rights.

Access rights for each application must be set in Security Administration by a user with access to that system. If you attempt to open an application you do not have rights to, the following page is displayed:

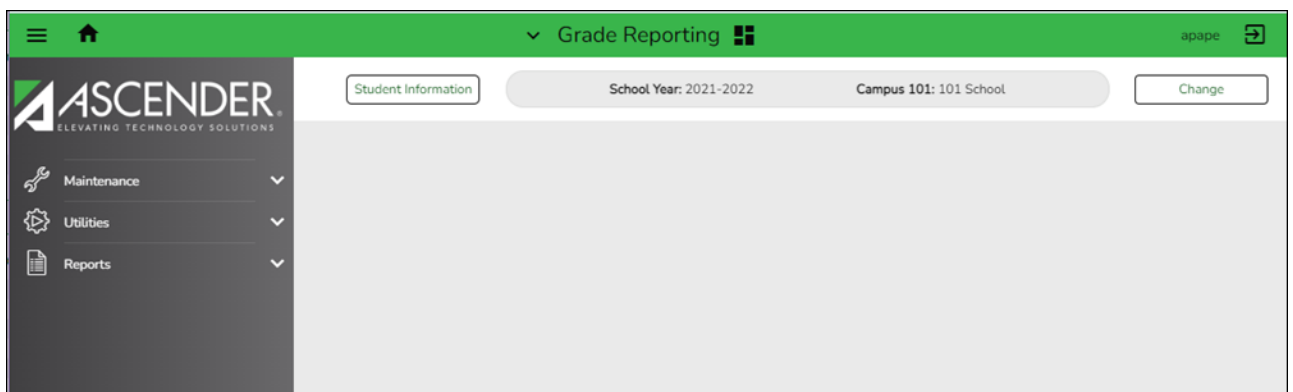

Click **Exit** to return to the ASCENDER Home page.

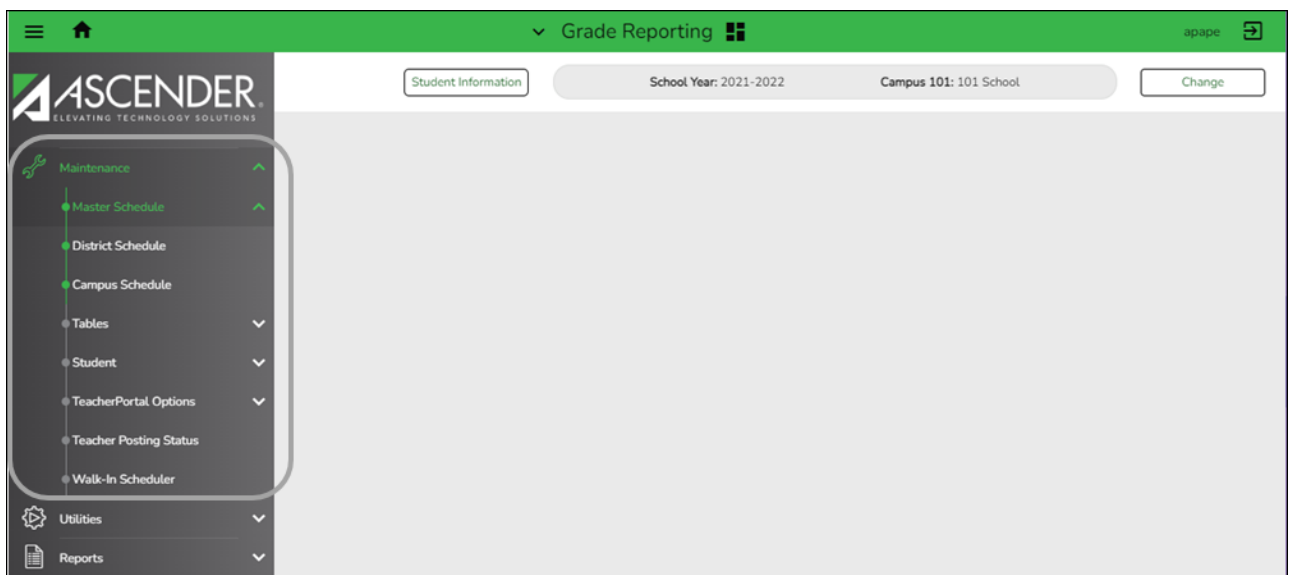

- Menu & Tabs:

Menu and Tabs

After you select an application from the ASCENDER homepage, the application homepage is displayed. In the below example, the Grade Reporting application is selected.

Select a main menu item (e.g., Maintenance, Utilities, etc.). The available submenu options are displayed. Use the gray scroll bar to scroll up and down and view any additional submenu options.

Select the menu or submenu options for the page you want to display.

Many pages consist of multiple tabs. Click the tab to be displayed. You will notice a difference in font color. The tab that is currently open on the page displays in green font and is underlined. All other tab names are black with no underline. Click another tab name to view data on a different tab.

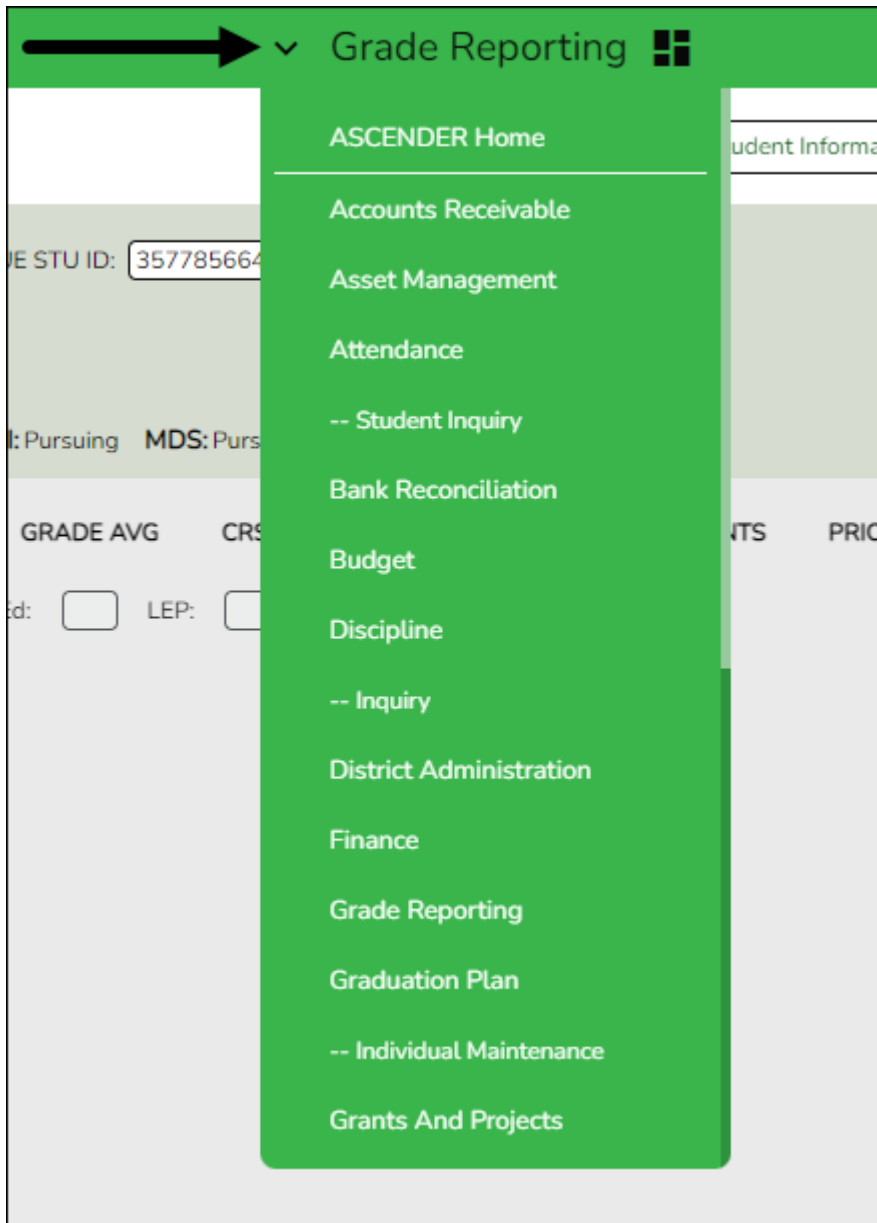

If a tab is disabled (grayed out), you may not have security permission to access the tab, the tab may not be available in the setting to which you are logged on, or a process on another tab may need to be performed before the tab is enabled.

For example, the Crs Assign and Grd Update tabs are disabled.

Change Application

From any application page, you can open a new application. At the top of the page next to the open application name (in this case Grade Reporting), click . A list of all ASCENDER applications is displayed in alphabetical order. Select the application you want to open. A separate browser tab opens with the newly selected application home page.

Application Tabs

Open applications are set up to display as separate browser tabs so you can easily navigate from one application to another.

If you have multiple applications open, you can navigate to an open application without exiting from any one application by selecting the associated browser tab located at the top of the page.

Note: The session timer operates separately for each application, which may cause you to

receive a session timeout message from one application while you are in another application.
Review the Session Timers section for more information about setting up session timers.

Multiple pages (i.e., menu items) cannot be displayed within an application. When a new menu selection is made, the current page is no longer displayed. If data modifications are made on the page and the changes are not saved, an unsaved data warning message is displayed. You can select to leave the page without saving the changes or remain on the page to continue making changes or save the changes on the page.

- [Change School Year or Campus:](#)

The selected **School Year** and **Campus** fields are displayed in the top-right corner of each application page.

The screenshot shows the top navigation bar of an application. It has a green header with the text 'ation Plan' and a user profile 'testuser'. Below the header, there is a grey bar containing two fields: 'School Year: 2021-2022' and 'Campus 001: 001 School'. A black circle highlights these two fields. To the right of these fields is a green 'Change' button.

Depending on the application to which you are logged on, click **Change** to enable the applicable change fields. Both school year and/or campus fields are enabled.

This screenshot is similar to the previous one, but it includes a black arrow pointing from the 'Campus 001: 001 School' field towards the 'Change' button, indicating that clicking the button will enable the change fields.

Depending on the application, the drop-down field(s) are enabled. Click  to view a list of the applicable school years or campuses. Select the desired option(s) and click **Apply**. The application data changes to match your selection.

The screenshot shows the 'Graduation Plan' application. The 'School Year' field is a dropdown menu that is currently open, showing three options: '2021-2022', '2021-2022', and '2020-2021'. A black arrow points to the first '2021-2022' option. The 'Campus' field is also visible, showing '001 - 001 School'. To the right of these fields are 'Apply' and 'Cancel' buttons.

Click **Cancel** to return to the previous page without making changes.

- [Software Version:](#)

Software Version

The following information is displayed at the lower-left corner of the page under the main menu.

Version	Displays the ASCENDER software version.
Build	Displays the ASCENDER software build number.
Host	Displays the software server host information.
Browser	Displays the browser and version details (e.g., Google Chrome Version 85.0).

- [County District:](#)

County District

The following information is displayed at the lower-left corner of the page under the software version details.

County/District	Displays the county district number to which you are logged on. To change this number, log out and log back in with a different number.
------------------------	-----------------------------------------------------------------------------------------------------------------------------------------

- [System Alerts & Feedback:](#)

System Alerts

At the bottom of each page, there is an orange message line that displays any system alerts.

Click **Hide** to hide the message line.

Click **Show** to show the message line.

- [Online Help:](#)

Online Help

Access ASCENDER online Help by clicking the **Help** button in the lower-right corner of the page.

The Help topic is specific to the application page. You can browse other Help topics from the Help window. Online Help is available for all applications and is page sensitive. Additionally, you can access a variety of process-specific guides and checklists in the Online Help.

Review the [ASCENDER Online Help page](#) for more information.

- [Session Timers:](#)

Session Timers

Across the bottom of each application page, a session timer is displayed. As each page is displayed, the timer resets.

A dark horizontal bar with a thin orange border. Inside, the text 'Session Timer: 188 min and 43 sec' is displayed in white.

Review the [Session Timers](#) Help page in District Administration for more information about session timers.

Retrieve & Maintain Data

From each page or tab, data can be retrieved, viewed, added, deleted, and modified using the following tools:

- [Autosuggest Feature:](#)

Autosuggest

The autosuggest feature allows you to type in specific data, as you type the data, a drop-down list of corresponding data is displayed. You can make a selection from the drop-down list, scroll through the drop-down list, or type new data in the field.

Search Close

You can search for a student by last and/or first name. Other options allow you to narrow the search further. Enter data in any or all of the following fields:

Enter data in one or more of the following fields. **Not all fields are displayed in all**

applications.

Last Name	Type all or part of the student's last name to retrieve students whose last name <i>begins with</i> the letters you have typed.
First Name	Type all or part of the student's first name to retrieve students whose first name <i>begins with</i> the letters you have typed.
Campus	Type the three-digit campus ID to select students at a particular campus. Leave blank to select from students at all campuses.
Track	This field is only displayed on Attendance Posting pages where the Directory is available. The field displays the track selected on the posting tab and cannot be modified.
Texas Unique Stu ID	Type all or part of the student's Texas Unique Student ID to retrieve students whose ID <i>begins with</i> the characters you typed. TWEDS Data Element: TX-UNIQUE-STUDENT-ID (E1523) If the student does not have a Unique ID, click TSDS Unique ID button to connect to the TSDS Unique ID Web Service and obtain an ID. Your LEA must have the appropriate credentials through Texas Education Agency Login (TEAL) before this functionality can be used. Review the Assign a TSDS Unique ID guide for additional information.
Next Year Students	Select to identify which Next Year Students to retrieve.
Sex	Type M or F to limit the search results to male or female students only.
Grade	Type or select the grade level to retrieve students in a specific grade level.
Active Cd	Select students with a specific status (i.e., <i>Active</i> or <i>Inactive</i>). Select <i>All</i> to retrieve active and inactive students.

NOTE: Some applications allow you to filter students by certain criteria:

- **Attendance, Discipline, Grade Reporting, Health, Registration and Test Scores** - You can select one or more special or local programs to retrieve only students who participate in the selected program(s).
- **Registration** - On the Maintenance > Student Maintenance tabs, the **Next Year Students** field allows the option to retrieve students with record status 5 (i.e., *not currently enrolled in this district, will attend next year*) in the search results. When you select a record-status-code 5 student to be retrieved, a warning message is displayed to inform you that the student is not enrolled in the current year.
- **Test Scores** - You can select one or more specific tests to retrieve only students who have a record for the selected test(s).

Click **Search**. The students who meet the criteria entered are displayed.

First / 12 Last Total Students: 239

- If there are multiple pages, [page through the list](#).

In most applications, the **Total Students** field in the bottom-right corner of the directory displays the total number of students retrieved.

Save Filter For Prev Next	<p>In Grade Reporting and Registration, this field is displayed once you click Search.</p> <p>Select to save any criteria you have selected and apply the criteria as you scroll through this students on the page from which you clicked Directory. This saved information is only for the session.</p>
----------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Click the student ID for the student you want to retrieve. The directory closes, and the student's information is displayed on the page from which you accessed the directory.

Click **Cancel** or **Close** to return to the previous page without selecting a student.

- [Student Photo:](#)

Student Photo

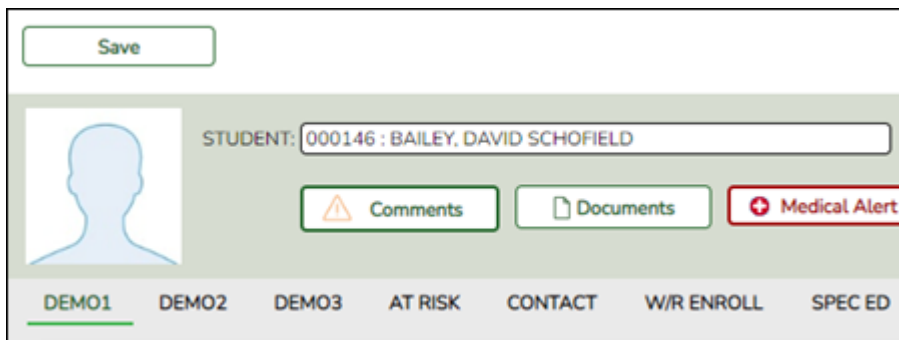

If set up by the LEA, student photos are displayed on all maintenance pages on which individual student records are retrieved. The photo is displayed once you click **Retrieve**.

Use the students' ID numbers to name each image file.

- The six digit code must match the student ID from ASCENDER (e.g., 081818.jpg or 123456.gif).
- The picture file extension formats that are supported are .jpg, .jpeg, .png, .bmp, or .gif.
- Aspect ratios of the images are preserved in ASCENDER.
- Files should be less than 1MB and preferably under 100K.
- You can upload individual student pictures on the Student Enrollment page of the Registration application.

If a photo is not available, no image is displayed:

**Change Student Photo**

From the Registration > Maintenance > Student Enrollment page, you can upload a different photo for the student if an image file is available on your local PC.

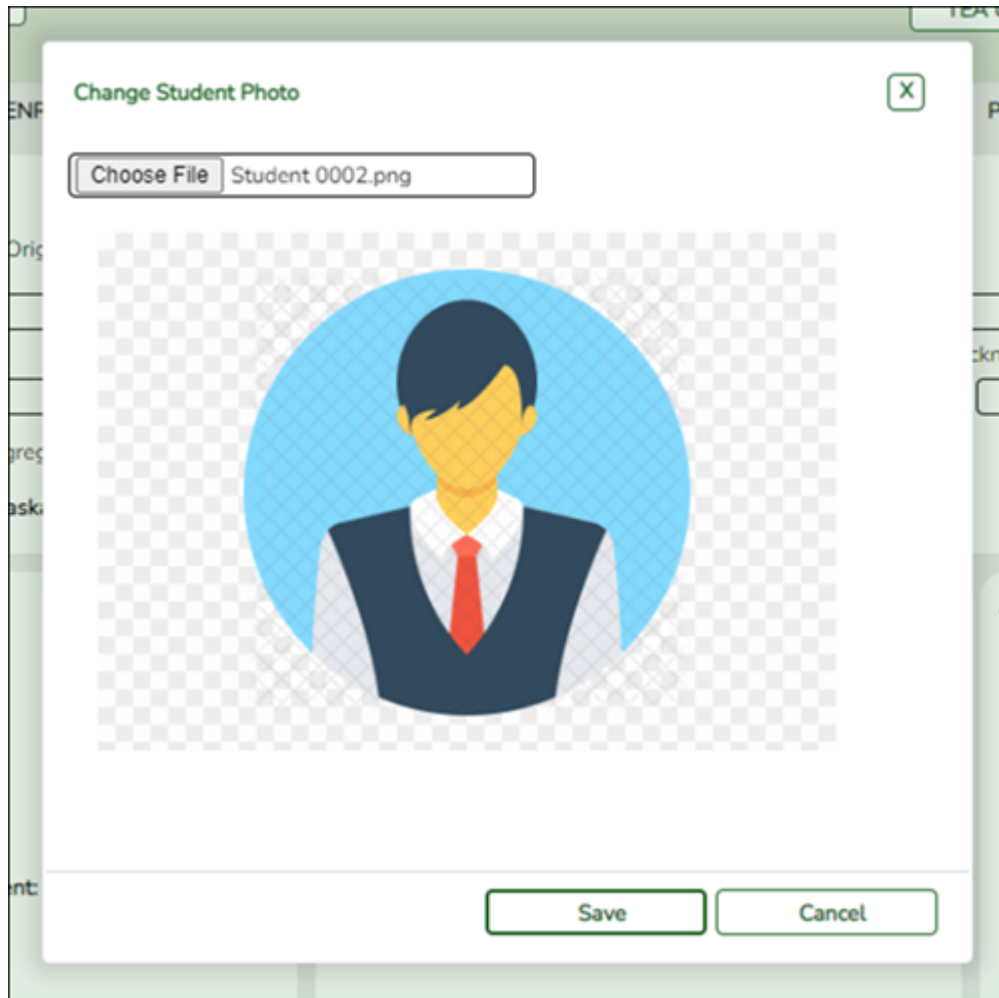

Hover over the existing photo or silhouette, and the word "Change" appears on the image.

Click **Change**. The Change Student Photo window opens.

Click **Choose File**. Locate and select an alternate photo on your local PC. The new image is displayed.

Click **Save**. The new image now appears on the student maintenance pages.

Photos are not displayed in all applications. They are displayed in Attendance (Student Inquiry), Discipline, Grade Reporting, Graduation Plan, Health, Registration, and Scheduling. They are not displayed in Special Education or Test Scores.

NOTE: The initial student photo image files must be copied to a folder in a ASCENDER directory. (Note that directory will vary by server.) Within the ASCENDER directory, place files in a Pictures folder, and in a district folder (e.g., ASCENDER Directory\Pictures\ccdd\NNNNNN.jpg, where NNNNNN is the student's 6-digit student ID). If a Pictures folder does not exist, or if the district folder does not exist, photos will not be enabled on any pages. The ASCENDER Getting Started Guide (available with ASCENDER

technical documents) provides additional information.

- [Student Information:](#)

Student Information

This report provides demographic information, contact information, discipline records, at-risk criteria, attendance records, special program enrollment information, schedules and health information (Medical Alert) from the Attendance, Discipline, Grade Reporting, Health, and Registration applications depending on your security rights.

NOTE: When the report is run, and the student is not At Risk, the At Risk column will appear on the report, but will show N for every row.

This is the same report as [Registration > Reports > Registration Reports > Student > SRG0400 - Student Information Sheets](#).

From any of these applications, click **Student Information** in the top-right corner to view the report.

If a student was already retrieved, data for the selected student is displayed. Otherwise, the page is blank and you can use the fields at the top of the report page to retrieve a student.

Review the report using the following buttons:

Click  to go to the first page of the report.

Click  to go back one page.

Click  to go forward one page.

Click  to go to the last page of the report.

The report can be viewed and saved in various file formats.

Click  to save and print the report in PDF format.

Click  to save and print the report in CSV format. (This option is not available for all reports.)
When a report is exported to the CSV format, the report headers may not be included.

Click  to close the report window. Some reports may have a **Close Report**, **Exit**, or **Cancel** button instead.

Other functions and features:

Exit	Close the report.

On some pages, a green arrow next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending or descending order.

- ▲ - indicates that the column is sorted in ascending order
- ▼ - indicates that the column is sorted in descending order

- **Pagination:**

Pagination

Some grids and pages display approximately 30 rows of data. If the data exceeds the number of rows that can be displayed on the page, pagination arrows will be available at the bottom-left side page allowing you to go to the previous or next page, or to the first or last page.

You can view and select which pages to display from the drop down. Or, you can click the arrow icons on either side of the page numbers to move between pages.

The pagination feature on some pages includes the range of data per page. In the image below, the student directory provides a drop-down list showing the student last name ranges on each page so you can find last names Ace - Bianco on page 1 and so on.

- [Save Changes:](#)

Save Changes

To save changes on a page, click the **Save** button. You can also press ENTER on your keyboard to retrieve or save, depending where you are on the page.

If you are in a search area of the page, the retrieve feature is the default setting when you press ENTER.

If you are in the body of the page, the save feature is the default setting when you press ENTER.

Reports

Numerous reports are available in ASCENDER. Most applications also offer a Create Report page allowing you to create customized reports.

- [Report Menu & Breadcrumb:](#)

Report Menu & Breadcrumb

Reports are specific to each application, and are accessed from the Reports menu in each application. Most reports menus have sub-menus that group reports by type.

When you select a Reports sub-menu, a report selection page opens that lists the available forms. The breadcrumbs below the menu show the path for the selected list of reports.

Report Title	Type a title for the report, up to 35 characters.
Campus Options	<p>Select Campus to print information for the campus to which you are logged on.</p> <p>Or, select All Campuses to print information for all campuses in the district to which you have access (according to your security settings).</p>

The fields are grouped by student table. Select the fields for which you want to print information. You can select an entire group of fields by selecting the group name (e.g., **Demographic Information**).

Click **Create Report** to generate the report. The report displays the selected data. Review, save, or print the report.

Templates

You can create and reuse templates for reports that are run frequently. You can also create and use public reports, which are shared district wide.

Create and save a new template:

Report Template	Type the name of a new report template. Only alphanumeric characters are allowed. WARNING: If you type a name that is already used, it will overwrite the previous template.
Public	Select to make the report accessible to other users. All users in the district who have access to this page will be able to use the template.
Report Title	Type a title for the report, up to 35 characters. This title may or may not be the same as the report template name.

Select the fields to be included. You can select individual fields, or you can select an entire group of fields by selecting the group name.

Click **Save**.

Run a report from an existing template:

Report Template	Begin typing all or part of the name of an existing report template, or press the space bar to view all the templates. As you begin to type, a drop-down list displays report templates with titles that match the letters you have typed. From the drop-down list you can select the template. Only templates you created are listed in the drop-down list.
Report Template Directory	If you do not know the name of the report template, or if you are looking for a public report template, click Directory to select a report template from the directory. From the directory, you can select templates you created as well as public templates.

Report Template	Report Title	Public Access	User ID
Allegations of Bullying/Harassment	Allegations of Bullying/Harassment	<input checked="" type="checkbox"/>	afrias
Discipline Report	Discipline Report	<input checked="" type="checkbox"/>	afrias
Incident by Race	Discipline Incidents by Race	<input checked="" type="checkbox"/>	jstanford
Students in ISS over 5 days	Students in ISS over 5 days	<input checked="" type="checkbox"/>	wvanselow

From the directory, you can search for a template by the report title, report template, or user ID of the person who created a template.

Report Template	Type all or any part of the report template name.
Report Title	Type all or any part of the report title.
User ID	Type all or any part of the user ID that created the template.
Public	<p>Select to include both private (i.e., your templates) and public (i.e., district-wide) reports in your search results.</p> <p>NOTE: Any changes you make to a public template will be saved under your user ID as a private template. If you want to save the template as public, you must change the name. Public templates cannot have the same names.</p>

Click **Search**. Templates meeting the criteria entered are listed.

When you locate the report template you want to retrieve, click the report template name. The directory closes.

IMPORTANT: Once the template is selected on the Create Report page, press ENTER to populate the selections.

Click **Create Report** to generate the report. The report opens in a new window.

Review, save, or print the report as described in the Report Preview section of this guide.

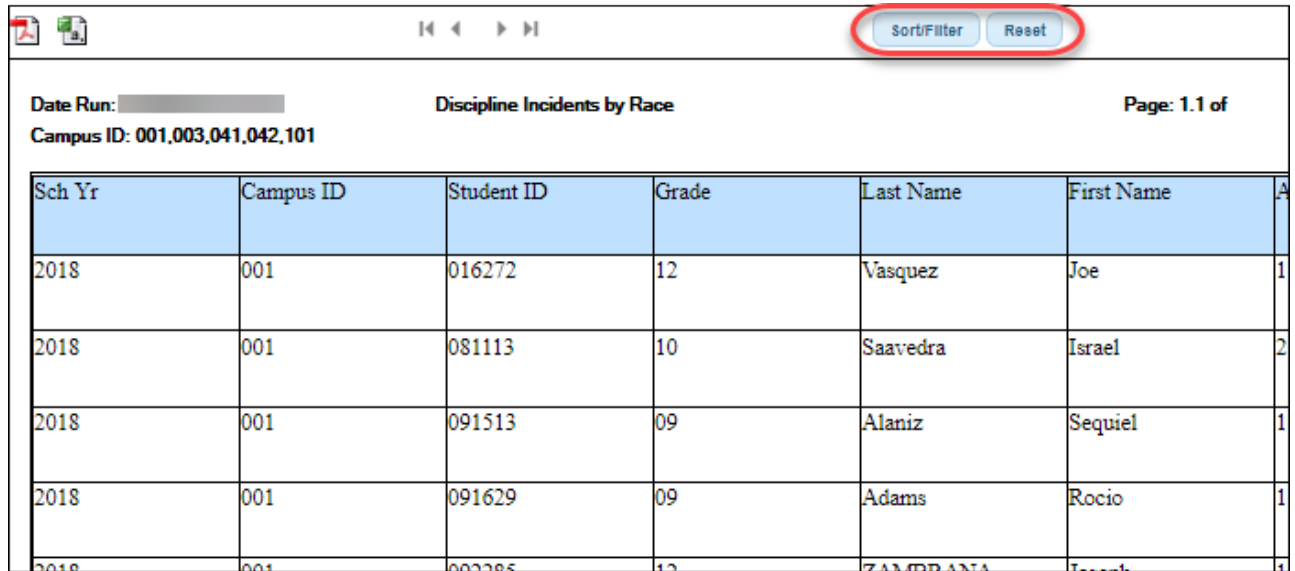

NOTE: You can save a public template as your own, or as a different public template, by saving the template with a different name. You cannot have two public templates with the same name.

- [Sorting & Filtering Reports:](#)

Some reports can be sorted and/or filtered once they are generated. The **Sort/Filter** button is displayed at the top of the report if the feature is available for the report.

A **Reset** button will be displayed next to the **Sort/Filter** button.

Some reports may only have a **Sort** button. Other reports may only have a **Filter** button.

Sch Yr	Campus ID	Student ID	Grade	Last Name	First Name	
2018	001	016272	12	Vasquez	Joe	1
2018	001	081113	10	Saavedra	Israel	2
2018	001	091513	09	Alaniz	Sequiel	1
2018	001	091629	09	Adams	Rocio	1
2018	001	002265	12	ZAMBRANA	Isaac	1

Sort

You can sort data to make it easier to review or find records in the reports. Not all reports allow this option.

In the report window, click **Sort/Filter** to open the Sort/Filter window. By default, the **Sort Criteria** section is expanded. If not, click **Sort Criteria**.

(Left grid) Columns Available for Sorting	Click the field by which you want to sort, and then click  . The field moves to the right grid. Continue moving fields to the right grid as needed.
(Right grid) Sort Columns	<p>You can rearrange the fields to indicate the order in which you want the sort applied. Click a field name, and drag it up or down to a new location.</p> <ul style="list-style-type: none"> • In the right grid, for each field, indicate if you want that data sorted in ascending (e.g., A-Z, 0-9) or descending (e.g., Z-A, 9-0) order. • To remove a field from the sort, select the field, and then click  to move it back to the left grid.

Select the **Sort Criteria** check box and click **OK** to apply the selected sort criteria to the report.

Click **Cancel** to close the window without re-sorting.

To restore the report to the original view, click **Reset** on the report page.

Filter

Filter

When you want to view only certain data, you may find it useful to filter the report data. You can use specific criteria to retrieve only the data that you want. Not all reports allow this option.

From the report window, click **Sort/Filter** to open the Sort/Filter window. By default, the **Sort Criteria** section is expanded. Click **Filter Criteria** to expand the **Filter Criteria** section.

Discipline/Attendance Suspension Discrepancies Program ID: SDS1700

Sort/Filter

Sort Criteria

Filter Criteria

Add Criterion Delete Selected

	Column	Operator	Value	Logical
<input type="checkbox"/>	Attendance Date (YYYYMMDD)	=		AND
<input type="checkbox"/>	Campus ID	=		

OK Cancel

If the report does not allow sorting, the **Filter** button is displayed instead of the **Sort/Filter** button, and sort criterion fields are not available.

Click **Add Criterion** to add new filter criteria. A blank row is added to the grid.

Column	Select a field by which to filter the data. The drop down lists the columns that appear on the report.
Operator	Select an operator. = Equals ≠ Not equals > Greater than ≥ Greater than or equal to < Less than ≤ Less than or equal to

Value	<p>Type the value by which you want to filter. For example, if you selected a date in the Column field, type a date to view only data for a specific date.</p> <p>Note: When filtering report data by date, you must use the following formats:</p> <ul style="list-style-type: none"> • If the date is displayed in the MM/DD/YYYY format, the filter value must be in the YYYYMMDD format. • If the date is displayed in the MM/YYYY format, the filter value must be in the YYYYMM format. • If the date is displayed in the MM/YY format, the filter value must be in the YYMM format.
--------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Add Criterion	<p>Add another row.</p> <p>Select the logical connector (<i>AND</i> or <i>OR</i>) in the Logical field. Continue adding rows as needed. The Logical field does not appear until you click Add Criterion to add an additional row.</p> <ul style="list-style-type: none"> • Using the AND operator limits search results, because the program looks only for records that contain both criterion. • Using the OR operator expands search results, because the program looks for records that contain either one criterion or the other, or both.
Delete Selected	<p>Delete selected row.</p> <p>Select the row, and then click the button. The row is deleted from the filter criteria.</p>

Click **OK** to apply the selected filter criteria to the report.

Click **Cancel** to close the dialog box without applying a filter.

NOTE: Some applications allow you to filter by specific data:

In Test Scores, you can filter report data to include only students who are enrolled in special programs. When filtering report data for At Risk, PRS, and GT programs, you must select 1 (Yes) or 0 (No) in the **Value** field. For example, if you filter report data for the At Risk program by selecting *Equals* in the **Operator** field and Yes in the **Value** field, no data is displayed; however, if you select *1* in the **Value** field, the At Risk data is displayed.

To restore the report to the original view, click **Reset** on the report page.
